—Ike Declares—

'Leaders, Not People, Are Stupid'

'Masses Everywhere Long For Peace'

WASHINGTON (AP)—President Eisenhower declared Sunday "it is only governments that are stupid" and that the masses in all nations long for peace.

In an address to the 12th World Christian Endeavor convention, the President made an impassioned defense of the spiritual values underlying the free world and contrasted these with the way of life of the Communist world.

Eisenhower said free peoples must unite "if they are to meet successfully the opposition which is united by force, by the threat of the MVD, by the threat of the police, the threat that comes about when a child is asked to inform upon its parents, when there is no sanctity left in family life, or in community life—in anything, indeed, except slavish devotion to the head of the state."

Delegates

The President spoke to the delegates to the international Christian youth association from a cross-surmounted platform in the Mayflower Hotel. A Hawaiian choir sang "God Bless America" in English and in Hawaiian before the president of the world organization, Dr. Daniel A. Poling of Philadelphia, introduced the President.

Eisenhower said he wanted to stress one conviction "that all men, all masses, do truly long for peace."

And he told the more than 600 youthful delegates:

"They want you to win the struggle you are waging. It is only governments that are stupid, not the masses of people. Governments may seek for power, for the right to dominate, to extend their authority over others. Free people do not seek that."

Not Specific

Eisenhower made no specific reference to current points at issue between the Communist bloc and the West, but the whole question of cold war problems was plainly in his mind. He said, for instance:

"We sometimes encounter in the diplomatic field the statement that an international relationship does not use moral standards, that it is based on expedience, or upon practical solutions to practical problems of the moment. And mayhap this is sometimes true, in the temporary sense. But it cannot be true in the permanent sense, if we are to win that security, that peace, for which all mankind so desperately longs.

"We must remember the spiritual base that underlies man's existence, and the spiritual base that underlies all free government, else we shall surely fail. . . .

The President addressed the gathering on his return from an *overnight stay at Camp David, his Maryland mountain retreat.*

Post Office Celebrating 179th Birthday

WASHINGTON (INS)—The Post Office Department marks the 179th anniversary on Monday of the founding of the American postal system and the selection of Benjamin Franklin as the nation's first postmaster-general.

Franklin's original instructions from the Continental Congress in 1775 were to establish "a line of posts. . .from Falmouth in New England to Savannah in Georgia with as many cross posts as he shall see fit."

The current chief of the department, Arthur E. Summerfield, noted that the postal system has grown to perform more than 1,200,000,000 miles of mail service annually from 40,000 post offices.

Reserve Men Reach Carson

COLORADO SPRINGS, Colo. (UP)—All of the units of the 355th Regimental Combat Team from Nebraska arrived at Camp Carson Sunday evening for the opening Monday of an intensive two-week training schedule.

The troop train movement commanded by Lt. Col. Orville Hutchinson went smoothly and for the second year in a row the Cornhusker elements of the 89th Infantry Division were ahead of schedule.

The troop movement, as a matter of fact, went so smoothly that it prompted Capt. Bernard Cohen of Omaha to say:

"The trip was so uneventful that we were there before we knew it."

The captain recalled that in 1951, Nebraska units arrived 12 hours later than their estimated arrival time.

Along with the 355th Infantry Regiment was the 342nd Field Artillery of Omaha, the 89th Quartermaster Company from Omaha and B Company 314th Engineers from Norfolk. Other Nebraska units are from Plattsmouth, Lincoln, Fairbury, Columbus and Fremont.

Elements of the 355th from McCook, North Platte and Scottsbluff arrived in camp by bus.

Candidate Dosek To Hit So. Platte

Edward A. Dosek of Lincoln, Democratic candidate for U.S. Senator, will carry his campaign for nomination into the South Platte territory this week, first meeting with a group of workers Monday in Falls City. He will move on to the Hastings area on Tuesday.

Last week he was in Omaha meeting with 300 members of a "Dosek for Senator" club.

Dosek in opposing flexible *grain price supports points out* that the farmer who was encouraged to produce more grain in war years stands to lose in three possible ways if the flexible plan instead of the rigid 90 per cent of parity plan is adopted.

First, he points out, a lower price would be possible under the flexible plan. Second is because of reduced acreage and third the possibility of a crop failure giving the farmer no income at all.

Shortage Of Corn Storage Expected

Corn storage space will be hard to find this fall in several important corn producing counties in eastern and central Nebraska, according to Everett Peterson, Extension Economist at the University of Nebraska.

July 31 is the deadline for farmers to decide whether they will reseal on the farm 1953 corn now under CCC loan on purchase agreement or deliver it to the government. Resealing on the farm may make it necessary to build more storage for the 1954 crop. Delivery of substantial quantities of 1953 corn to the Government will fill most of the available space in commercial warehouses and CCC bin sites. The problem must be met. Consult your local county agent, grain dealers or elevator operators for information.

Mass Arrests Follow John's 'Joining' Reds

BERLIN, (INS)—West Berlin police Sunday said they hope soon to unfold the "complete" story of the disappearance of Dr Otto John—West Germany's so-called "FBI chief"—behind the Iron Curtain and hinted that they were ready to make arrests in connection with the case.

Police officials said they had received "important information from reliable police informants" on the mystery over whether Dr. John, the West German intelligence chief, was kidnapped or voluntarily deserted to the Reds.

From East Berlin, meanwhile, came reports that a "wave of arrests" was continuing in the Sovit Zone of Berlin with Communist police arresting "hundreds" of Western agents operating behind the Iron Curtain

John had access to top secret documents and shortly before his disappearance had checked on the identities of top agents working in East Berlin.

Two such suspects shot their way out of East Berlin early Sunday, wounding two Communist policemen who tried to block their escape. The Communist radio said one officer was "near death" from wounds suffered in the border gunfight.

Unconfirmed reports said East German secret police were raiding homes and offices throughout the Soviet Zone and have doubled the guards all along the borders of West Berlin in order to catch any suspects attempting to flee.

Dr. Sheppard's, Friend's Stories 'Not Consistent'

LOS ANGELES (INS)—An Ohio investigator said Sunday he has found some "inconsistencies" between the testimony of Cleveland osteopath Dr. Samuel H. Sheppard, whose wife was murdered three weeks ago, and the story *told by* a pretty young medical technician he knew in Los Angeles.

Thomas Parrine, assistant Cuyahoga County prosecutor, said he and Cleveland homicide detective Robert F. Schottke questioned 23-year-old Susan Hayes about her relationship with Dr. Sheppard while he was taking a post-graduate medical course here last March.

Said Parrine:

"Suffice it to say that some of the things she told us are not consistent with the testimony given by Dr. Sheppard regarding their association."

Dr. Sheppard, whose wife was bludgeoned to death in their suburban Cleveland home on July 4, has insisted that he and Miss Hayes were only friends and that he never was intimate with her.

William M. Raine, Famed Western Fiction Writer, Dies After Illness

DENVER (AP) — William MacLeod Raine who left his native London for the American West and became dean of cowboy authors, died Sunday in St. Luke's Hospital. He was 83.

Death came from a heart attack, doctors said.

Born in London June 22, 1871, Raine moved with his widowed father and family to the United States 10 years later. They settled on a cattle ranch on the Texas-Arkansas border.

There as a youth he learned much of the Western flavor that found its way into his novels. His first book, "A Daughter of Raasay," appeared in 1902. He later wrote "Wyoming," Ridgeway of Montana" and "A Texas Ranger."

Raine graduated from Oberlin College, Oberlin, Ohio, in 1894 and years later established the first journalism course at the University of Colorado, where he taught for five years.

He also was principal of a school in Seattle, Wash., where contributory columns he wrote in his spare time appeared in a local newspaper.

He is survived by his wife, Claire Parmeley Raine, a daughter, a brother, Edgar C. of Seattle, and a granddaughter.

Capehart To Include Flanders

. . . In Censure Motion

WASHINGTON (INS) — Sen. Homer E. Capehart (R-Ind) said he will offer a motion to include Sen. Ralph E. Flanders in Flanders' own motion to censure Sen. Joseph R. McCarthy.

The Indianan who heads the Senate Banking Committee expressed the strongest opposition to date to the proposal by the GOP Senator from Vermont, who toned down his original plan to press for removal of McCarthy from his committee chairmanships.

Capehart told NBC's "Meet the Press" television panel that he would move to include the Vermonter because, he said, Flanders is guilty on the same charges he has hurled against the controversial Wisconsin Republican.

Specific Charges

He noted that Flanders, in a speech given out in advance of delivery, had compared McCarthy to Hitler, and said the Senate should act only on specific charges against one of its members. He indicated that Flanders' accusations have been too general for consideration.

Flanders has served notice that he will bring up the matter of Senate action on his censure resolution next Friday. He previously delayed pressing the issue because Senate leaders claimed it might interfere with enactment of the GOP legislative program.

Capehart expressed belief that after Flanders is included in the censure resloution, the whole issue should be tabled without Senate action.

The Indianan calletd the proceedings "foolishness" and added: "I'm in favor of tabling it and getting on with the business of the Senate."

Piggy Bank A Poor Deposit Box Substitute

Ruby Wagner of 521 So. 14th, Apt. 2, will readily admit that piggy banks are not the place to hoard that hard earned cash.

Her apartment was entered by forcing a lock on a door and $66 was taken from two brightly colored piggy banks and the drawers of a chest, police said.

Ivey Stuart of 1327 O, Apt. 3-1, told police an unknown party took a bilifold containing $23 from a pair of trousers while he was out of the apartment a few minutes.

Miss Hong Kong Might Have Been On Downed Plane

LONG BEACH, Calif. (INS)—Although she placed only third in the Miss Universe beauty pageant, Miss Hong Kong said that she may have been the luckiest girl in the contest.

For if she had not been showing her curves in Long Beach, said pretty Virginia June Lee, 20, she "easily" could have been aboard the Cathay Pacific Airline plane shot down by Communist fighters last week near Hainan Island.

Virginia, a full-time stewardess for the airline, recalled that she has made many flights on the route of the tragedy and said:

"It easily could have been my flight. I fly once, twice or three times a week, depending on when they need me."

She said her flights over the route were uneventful, and added:

"We always fly about 30 miles from the island since you can't fly over Communist territory. You could see the air strip on Hainin, but we never saw any MIGs in the air."

Russia 'Ready'

MOSCOW (INS) — Russia observed Navy day with a propaganda warning that Soviet ships were ready to deal "a shattering blow" to the West.

An editorial in Pravda said the navy wold strike back promptly if "imperialist aggressors are seized with madness and try an attack."

Other newspapers front-paged an official "order of the day" praising the navy and published photographs of Russian ships and personnel.

New Record

PALISADES PARK, N.J.(INS)—Palisades Park officials credited John Stevens and his son Garry, 6, with setting a new world's record for the merry-go-round marathon—106 continuous rides.

Officials said the New Yorker and his son stayed on for the ride-to-nowhere for three and one-half hours, establishing "what is unquestionably a world's record for continuous merry-go-round riding."

They said the feat cost Stevens $10.60.

Plane Crashes

THE HAGUE (INS) — A four-engined plane — believed to be either an airliner or a Royal Air Force bomber — reportedly crashed at sea off Breskens, Holland.

Identity of the plane was not determined immediately. Eyewitnesses indicated it might be an RAF Lincoln bomber, which normally carries a crew of six to eight men.

Reds Admit Downing Airliner; Claim 'Accident'

From Press Dispatches

HONG KONG (Monday)—Red China expressed regret today over the "accidental and unfortunate" shooting down of a British airliner Friday in the South China Sea.

The Peiping regime's statement was made in reply to a strong British note protesting the attack on the airliner, which resulted in the probable loss of 13 lives. Three Americans are among the missing and three more were rescued with six other passengers and crew members.

The four-engine Skymaster was making a routine flight from Singapore to Hong Kong when it was attacked and shot down by two red-nosed fighter planes, which, the British government said, could only have come from Chinese territory.

Constitutes Confession

The reply to the British note constituted a confession by the Peiping regime that Communist fighters were responsible for the attack on the unarmed and defenseless airliner.

The Chinese Communist statement was announced early this morning by the Pieping radio monitored in Hong Kong, the International News Service said.

The broadcast said the pilots of the fighter planes thought they were firing at a Nationalist Chinese bomber. Red China will pay compensation for the incident, according to the Peiping radio.

Since six Americans were aboard the plane a formal protest is expected to come also from the U.S. government.

(In Washington Saturday Secretary of State John Foster Dulles called the attack "an act of barbarity" and said the action to be taken by America—presumably a protest similar to the British note—would be announced subsequently.)

Meanwhile two American aircraft carriers, their jet fighters poised for action, grimly patrolled the South China Sea.

Clark Field officers praised the work of 34-year-old Capt. Jack T. Woodyard, of Washington, D. C., and his crew as one of the outstanding sea rescues in U.S. Air Force history, the Associated Press reported.

While the SA16 Albatross, an amphibian, was on the way, it received a message from Hong Kong that the Chinese Communist government at Canton had warned military aircraft to stay away from the scene.

The Albatross kept right on going. Woodyard concedes "we didn't know at the time that the message from the Communists also said any military aircraft approaching the area would be shot down."

Woodyard's account gave this picture of the actual rescue:

A French privateer plane out of Tourane, Indochina, was circling over the raft when the Albatross arrived. A flare it had dropped was still burning.

The seas were running high with 10 to 12 foot swells.

Woodyard set the potbellied SA16 down in the protection of a small island about two and a half miles from the raft at 1:05 p.m. Friday. Then it taxied through churning seas.

"When we got away from the protection of the island, there were 10-foot swells. The wing tips were dipping into the water.

"We made the final approach with the engineer in the bow with a line and two men in the rear with another. People in the raft caught both lines. The seas were heavy and it was difficult to bring the raft up to the plane.

"We finally got alongside. At first we thought there were only three persons aboard. But then other heads started coming into sight. The injured were underneath canvas."

Six-year-old Valerie Parish, of Iowa Park, Tex., was hoisted in first. She was whimpering for her mother, Mrs. Leonard L. Parish, also saved but suffering from a broken collar bone.

"It was worth my whole career to pull that little girl out," said radio operator Lawrence Rodriguez, 20, of Carpinteria, Calif.

After the little girl, a seriously injured Chinese woman was taken aboard. Mrs. Parish and others followed the pilot, Capt. Blown, last of all.

Woodyard continued:

"Survivors were dazed. They just didn't say anything as they were being helped aboard. The little girl cried a little but that was all. They were in a state of shock. They appeared unable to comprehend what was happening.

Dresses had been ripped off the women. The men were in shorts. The airliner had hit the water at 160 miles an hour after a 9,000-foot death plunge during which the strafing fighters followed it down.

All survivors had deep cuts. Some had been shot.

Doll Bobs

As the raft drifted away after the rescue, a doll bobbed on the surface amid the waves.

The Albatross hit three large swells before it was airborne.

Navigator Albert F. Smith, 32, of Hudson Falls, N.Y., attended the injured, giving closest attention to the Chinese woman.

"She was cold and in deep shock," he said.

"We laid her on the floor. She kept rolling from side to side. Her leg was badly fractured.

"She kept asking for water but I couldn't give her any because she had internal injuries.

"She didn't want me to leave her. Everytime she was quiet, I would go to the other ones. Then she'd call me back.

"She asked me to bend down. She asked me to lift her up. I put my arm around her back and lifted her up a little bit.

"While she was sitting that way, she said 'if you promise not to leave me I'll go to sleep.'

"I told her I would. She leaned back and died."

Runoff Probable In Texas Primary

Conservative Shivers' Lead Slim; Needed Vote Majority Still Lacking

DALLAS, Tex. (AP)—Gov. Allan Shivers and Ralph Yarborough apparently will carry the bitter battle between conservative and liberal Democrats into a run-off election for the governorship of Texas.

Shivers, the champion of conservatives, held a 17,158 vote lead over liberal Yarborough at 6:30 p.m. Sunday night out of 1,273,100 votes counted on Saturday's primary. Between 60 and 80 thousand votes were still to be tabulated by the Texas Election Bureau, an unofficial vote-gathering agency supported by Texas newspapers and radio stations.

"It looks like a runoff," Robert L. Johnson, manager of the bureau, said after the final tabulation of the night. Counting will be resumed Monday morning.

A runoff election is required when no candidate gets a majority in the primary election. If necessary it will be held Aug. 28.

Other Candidates

Two other candidates for the Democratic nomination — tantamount to election in the past—apparently threw the governorship into the runoff. They received 2.72 per cent of the vote.

Shivers, bidding for an unprecedented third term and control of the state's Democratic party for the conservative forces, still retained a mathematical chance of winning without a runoff. At the final tabulation, the handsome 46-year-old governor was 7,629 votes shy of a clear majority over the other three candidates.

Shivers had 627,736 votes on the day's last count, 49.31 per cent of the vote. Yarborough had 610,578, or 47.96 per cent.

Arlon B. (Cyclone) Davis, aged son of a storied figure of Texas politics and a perennial candidate for governor, polled 15,671 votes. J. J. Holmes of Austin got 19,115.

Johnson said the votes still out were from all over Texas and from no single area definitely for either candidate.

He stuck with his statement: "It looks like a runoff."

Yarborough said from his headquarters in Austin he was confident he could beat Shivers in a runoff.

Shivers said, "I welcome the opportunity to continue to fight for Texas."

'Major Factor'

Yarborough said "wholesale abandonment" of their own primary by Texas Republicans was a "major factor in giving Mr. Shivers enough votes to force a runoff."

Voters in Texas do not have to register as either Republican or Democrat. Under 60, you can't vote unless you pay a $1.50 poll tax. Persons over 60 are exempt from paying the poll tax.

The accusation that Texas Republicans were planning to vote in the Democratic primary was made by Yarborough in his campaign. He said that, "The World Almanac shows Shivers is the only hyphenated governor in the country," referring to the fact that Shivers was cross-filed in the last general election on both Republican and Democratic ballots and is listed that way in the book of facts.

No Count

There was no count made of the number of votes cast in the Republican primary because candidates for offices to be voted upon by the entire state were unopposed. But only 320 Republicans voted in Harris County (Houston), Texas' most populous.

Yarborough claimed he would win a runoff and, "The Democrats of Texas will regain control of their own party."

Shivers said, "We will keep running a good hard, clean race in the runoff and with the help of the people of Texas we will win it."

Local Airman Being Held In Morals Case

Lincoln Air Police are holding an air force man in connection with what police said was apparently the statutory rape of a 14-year-old Lincoln girl.

The airman was found in bed with the girl by her father when he arrived home about 2 a.m., police said.

The father told police he had chased the airman out of his home earlier in the evening and had left the house only to return and find he had returned. The airman left his pants in the bedroom, police said, in his haste to get away.

He was captured by the Air Patrol after road blocks had been set up at entrances to the base.

The young girl told police the airman had come to her home and he had been drinking.

She said the man left when her father came home the first time but the airman returned after her father left the house. She told police that the man walked into her bedroom and that she told him to leave as he was drunk and he refused.

The father related to police that he had told the man the first time to stay out of the house.

The airman left identification papers in his pants which showed him to be stationed at the Lincoln Air Force Base.

8 Omahans Shot In 'Insult' Fracas

OMAHA (AP)—Eight persons were injured early Sunday by a shotgun blast during an argument between two men in North Omaha.

Police said most of them suffered minor pellet wounds when the shotgun discharged as the two men, Manual Harris, 26, and Albert Williams, 20, both of Omaha, grappled for the gun.

Police quoted Harris as saying he and his wife, Dorothea, 24, and his brother and sister-in-law, Willie, 28, and Marie Harris, 25, also of Omaha, were insulted as they passed a group which included Williams.

According to investigating officers, the two fought briefly and Harris went to his brother's home and returned with the shotgun. The scuffle and shooting followed.

Rhee, Ike Both Will Ask Favors

4 Points Seen As Talk Basis

SEOUL (Monday) (AP)—When President Eisenhower and South Korea's President Syngman Rhee sit down in the White House for conferences, beginning tomorrow—anniversary of the Korean armistice—signs indicate that each will ask the other for two big favors.

Persons here capable of making an educated guess feel certain these four points will form a basis for discussion:

1. Eisenhower will ask Rhee to forget, for the time being anyway, his dream of unification of Korea, perhaps even consider the possibility of having to write off North Korea as a permanent loss.

Old Enemy

2. Eisenhower also will ask Rhee to soften his attitude toward his old enemy, Japan, and consider the Japanese as neighbors.

3. Rhee will ask Eisenhower for arms, ammunition, uniforms and transport to equip at least 10 and perhaps 20 more divisions than the 20 South Korea already have.

4 Rhee wants the United State to speed up the Korean aid program to exceed the rate already agreed to—200 million dollars a year for five years.

Rhee's Plane

Rhee, his wife and a party of government advisors took off yesterday in the four-engined Constellation of Gen. John E. Hull, U.S. Far East commander.

Rhee's plane is due in Washington at 4 p.m. Monday, U.S. date.

The topic of divided Korea will be a touchy one at the White House conference. Rhee lives for the day when by sword or ballot he can reunite all Korea.

Also asking Rhee to kiss and make up with Japan is almost as touchy. Talks intended to restore economic relations between the two countries broke down nine months ago.

Rhee To Address Opening Of VFW Encampment

PHILADELPHIA (AP)—Syngman Rhee, president of the Republic of Korea, will address the opening session of the national encampment of the Veterans of Foreign Wars on Aug. 1.

Rhee will speak at a memorial service honoring America's war dead and will share the rostrum with Francis Cardinal Spellman, archbishop of the New York Catholic archdiocese.

Wayne E. Richards, VFW commander-in-chief, said Rhee will arrive in Philadelphia Sunday by chartered plane, accompanied by Dr. You Chan Yang, Korea's ambassador to the U.S.; Mrs. Rhee and other Korean officials.

The week-long encampment is expected to bring more than 100,000 visitors to the nation's third largest city.

Vice President Richard Nixon will address the convention Monday night.

French Nurse Leaves For U.S.

PARIS (AP)—Lt. Genevieve de Galard Terraube, the nurse-heroine of Dien Bien Phu, left by air Sunday night for the United States. She will visit America at the formal invitation of Congress.

Miss de Galard Terraube, 29, was the only woman in the Indochina fortress when it was captured by Communist-led Vietminh rebels May 7. She was later released and returned to France.

She left here in an Air France Super Constellation. Tran Van Chuong, Viet Nam minister of state, traveled with her.

Music Festival Opens In Salzburg, Austria

SALZBURG, Austria (AP) — Church bells tolled over flag-decorated Salzburg Sunday when Austria's President Dr. Theodor Koerner opened this year's musical festival in a colorful ceremony attended by thousands of music lovers from all over the world.

Speaking in front of a monument of Salzburg's greatest son, Wolfgang Amadeus Mozart, the president termed the 34-year-old festivals "a true symbol" of Austria's efforts in all fields to regain its place among nations by peaceful means.

Rested Solons Ready

Atom Deadlock Still Unbroken

WASHINGTON (AP)—Freshened by their first full night's sleep in four days, senators tried new, offside efforts Sunday to break a deadlock over atomic legislation.

There were signs both sides were ready to bargain but no immediate hope was held for a compromise in the 10-day fight which was climaxed with an almost continuous 86-hour session lasting from Wednesday morning until 9:48 p. m. CST Saturday night.

Conceding he may fail, Republican Leader Knowland of California indicated he would push his effort to close off debate shortly after the Senate reconvenes Monday. He would need the votes of 64 senators to invoke the cloture rule and end what both he and the White House have termed a filibuster.

Marathon

The House, which completed preliminary action on the measure in its own 17½-hour marathon session Friday, meets at noon Monday to wrap up its work with a final series of roll call votes.

But the strict rules which limit House debate do not apply in the Senate, and a resumption of round-the-clock sessions are possible for the senators unless some agreement is reached.

Knowland pleaded Saturday for some "reasonable formula" for a settlement, declared that "President Eisenhower does not ask a rubber stamp Congress." He gave no indication, however, how far he might be willing to compromise.

Doubts

On the other side, Sen. Gore (D-Tenn) told newsmen "I now doubt that we can win." That comment came after Democratic Leader Lyndon Johnson of Texas had proposed a limit on debate. Most opposition to the administration bill has come from a small group of Democrats.

But Gore, one of the opposition's main sparkplugs, declined to predict whether the debate might wither and die, saying "we'll have to wait and see how everyone feels on Monday."

Johnson's proposal, which would hav required unanimous consent, was blocked by Sen. Morse (Ind-Ore) as last week's marathon session neared its close.

80 Hours

At the time he offered his proposal, Johnson said there were 34 amendments pending and this would mean another 80 hours or more of debate. However, at about the time Morse killed the motion, the Democratic leader agreed to a request by Sen. Lehman (D-Lib-NY) to cut off amendments at noon Wednesday instead of 8 p.m. Saturday night.

The continuing wrangle appeared to have knocked out all hope of adjournment by next Saturday, long the target date for Congress to quit. Still to come before the Senate are a farm bill, itself a subject of much controversy; foreign aid authorization and appropriations; compromise versions of tax and housing measures, and other legislation.

Biggest Between St. Louis And Coast:

7,000 Seat Auditorium Here Is Planner's Aim

A city auditorium for Lincoln that will be the largest of its type between St. Louis and the Pacific Coast is the objective of Benjamin C. Moore, auditorium specialist, who is currently working with the city's Associated Architects to work out plans for the building.

Moore said that he hopes the group will have its plan complete enough to present to the council by the middle of the week. He says that if his plan is accepted Lincoln will have a 7,000 seat theater-type auditorium that will attract many outstanding theatrical productions.

"Promoters seek to put shows on in large auditoriums where there is a permanent stage, rather than small theaters," Moore explained. The reason is that in one night more people can see a production in a theater of the type Lincoln is planning than in the conventional commercial theaters.

Not Near It

Moore pointed out that neither Kansas City nor Omaha will have an auditorium that can approach the one being planned for Lincoln in this respect. He said Omaha's new auditorium will have a 2,400 seat theater auditorium and the Ak-Sar-Ben coliseum does not have a stage that can take care of a large theatrical production.

"We plan to elevate 80 per cent of the seats on the main floor so a person sitting in the last main row will have a good line of vision to the stage," Moore said.

At the same time the facilities will be easily converted to use for arena type activities such as sporting events. However, when it is used for theatrical productions, all semblance of sports will be removed and an atmosphere of the theater will prevail with upholstered seats, wide aisles, and no pillars or posts obstructing the view.

"With the large seating capacity and the stage facilities, Lincolnites will be able to save at least 25 per cent on the admission price to these theatrical productions," Moore said.

"The prime requisite for a city auditorium is that it be a multi-purpose building, and without adequate stage facilities, Lincoln would have a building that would be unable to serve one of the primary purposes of an auditorium," Moore explained.

Iowa Farmer Shot By Two Bandits

Three-State Manhunt Switches To Illinois Side Of Mississippi

From Press Dispatches

CANTON, Mo.—Search for two gunmen who left a trail of violence, including murder, across southeastern Iowa and northeastern Missouri switched to the Illinois side of the Mississippi River Sunday night.

Armed posses from three states, aided by bloodhounds, pressed the manhunt after finding wet clothing in a river cabin on the Illinois side of the river opposite Buzzard's Island.

The car was abandoned near Alexandria, Mo., after two men exchanged shots with Bert Leeper, operator of a filling station south of Alexandria.

Leeper said he and Lowell Reed had parked their station wagon near the river and were unloading fishing tackle when they saw the car drive up on the by-way from Highway 61.

Orders Surrender

Leeper recognized the car from descriptions broadcast over the radio and obtained a rifle from his station wagon and ordered the two me to surrender.

When they failed to obey, Leeper said he fired one shot into the air and the bandits fired twice, both shots hitting his car, then they fled on foot into the underbrush.

Victim of the robbery-murder was 56-year-old Wendell Jones of near Pulaski, Ia., who was shot in the abdomen while struggling with the two men who had forced him and his wife into their home, yanked the telephone off the wall and demanded "all the money you've got."

Milking in Barn

Mrs. Jones said she and her husband were accosted by the bandits as they were milking in a barn. At gunpoint, Jones was forced to start his car, then accompany his wife and the bandits into the farmhouse where the shooting occurred.

Mrs. Jones said she gave the men "about $100" and when they demanded more told them:

"This is all we have and if it is not enough then I guess you will have to shoot us."

After killing Jones, the bandits fled in the farmer's car but did not molest Mrs. Jones.

While the bandits were making their getaway, Mrs. Jones ran a quarter of a mile yelling for help from neighbors.

2 Holdups

Officials said the slayers were believed to be the same men who robbed two gas stations at nearby Ottumwa Saturday night of more than $400 and escaped in a car bearing Wisconsin license plates.

They came to grief in Bloomfield about 9:30 p.m., a short time after the robberies, when their car crashed into a house at the end of a dead-end street. They fled into the countryside.

Sheriff James Yates and state highway patrolmen had set up roadblocks throughout southeastern Iowa Saturday night but the bandits apparently had escaped on a side road when the sheriff received word of the Jones slaying.

Wisconsin Plates

The car in which the men left Ottumwa bore Wisconsin plates L94-039 but there also were Oklahoma plates in the trunk.

At the dead-end street where the vehicle, a 1949 Plymouth, crashed into the home of Mr. and Mrs. James Law and tore off a piece of the foundation. Mrs. Law said she got a glimpse of the pair as they fled.

Nebraska City Boy Drowns In Louisville Lake

LOUISVILLE, Neb. (AP) — Ken Volkmer, 16, of Nebraska City, drowned Sunday evening in the state lakes near here.

The youth's body was recovered in about 12 feet of water by other swimmers. Attempts to revive the boy failed, said Cass County Sheriff Tom Solomon.

Companions of Volkmer reported he got into difficulty while swimming in a deep section of the lake. He called for help, but sank before other swimmers could get to him.

A short change artist slipped out the door at Walgreens Drug at 13th and O just in time with another $10 in his pocket.

The cashier at the drugstore told police the man bought an article and gave her a $20 bill and a 50 cent piece. When she gave him change he gave her back a $5 bill and five $1 bills and asked for a $10 bill.

He then laid it down and asked for the $20 bill back which she gave him. He then left the store.

Lincoln, Omaha Have 'Prime' Medical Service; 7 Counties Have No Doctors

Lincoln and the combined area of Omaha and Council Bluffs are the only two cities in the state classified as "prime primary medical service areas."

The classification means the areas are two of the 88 "centers that have the personnel and facilities necessary to offer every type of medical treatment and surgery."

On the other hand, there are seven counties in the state which do not have a physician living or practicing within the county lines. The counties are Sioux, Banner, Thomas Loup, Wheeler, Arthur, and McPherson.

Nebraskans in central Cherry, Arthur, and McPherson Counties, southwest Logan County, north Blaine and Loup Counties, and south Brown and Hock Counties live more than 25 miles from the office or residence of an actively practicing physician.

The findings above are the result of a eight-year study made on a national basis by Dr. Frank C. Dickinson, director of the bureau of medical economic research of the American Medical Association. His results have been published by the AMA in the book, "Distribution of Physicians by Medical Service Areas."

He divided the nation into 757 "medical service areas"—towns, which, relative to their surrounding territories, are primary sources of physicians' services.

Dr. Dickinson found that Lincoln has one doctor for every 680 persons, placing it in 743rd-744th place in the 757 place listing. Omaha has one physician for an average of 850 persons.

In Nebraska, towns which ranked near the top of the listing with a higher number of persons per physician were Valentine (2,820 to 1), Ainsworth (2,040 to 1), and Ord, (1,780 to 1).

Ainsworth won a unique distinction of being a primary center of medical service and also ranking near the top of the list in number of persons served by one doctor. The town has three general practitioners, two part-time specialists, and two federal physicians. Ainsworth is located in Brown County in the Sandhills area of the state.

Merle Smith, executive secretary of the Nebraska State Medical Association, explained the lopsided distribution. "There are not very many doctors in the Sandhills area but then there are not very many people there either." He added that it would not be economically feasible for a physician to locate in the western section of the state as he would have to operate his office at an economic loss.

"From Valentine, Ord, and the Ainsworth areas, which have a relatively high number of persons per doctor, we have no insistent demand for additional physicians," Smith said. "This is mostly Sandhill country, and there are wide expanses of land. Quite a number of the ranchers have airplanes; many of the people belong to the Flying Farmers Association, and airplane transportation is readily available to Omaha, Denver, Lincoln, and Yankton, S.D."

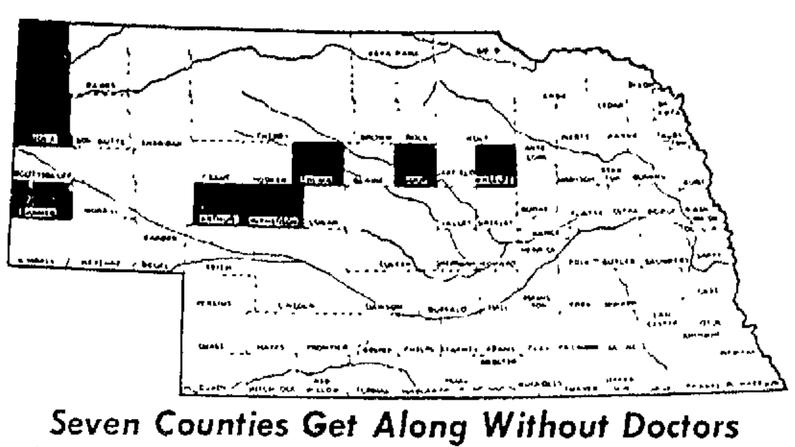
Primary centers, in addition to Omaha and Lincoln, in the state include the following:

Stuart
Valentine
Norfolk
Fremont
Ord
North Platte
Sidney
York
Falls City
Beatrice
Hastings
Holdrege
Imperial
Scottsbluff
Ainsworth
Chadron
Alliance
Wayne
Columbus
Broken Bow
Loup City
Grand Island
Nebraska City
Pawnee City
Fairbury
Kearney
McCook

Towns without a physician included the following:

Verdel
Springview
Antioch
Waterloo
Ft Calhoun
St Edward
Paxton
Shelton
Peru
Table Rock

Dr. Dickinson's work is based on 1950 statistics, but Smith said that as far as he knows the Nebraska situation is the same at the present date.



Seven Counties Get Along Without Doctors

Seven Nebraska counties shown blacked out on the map above, do not have a physician practicing within their borders, according to Dr. Frank G. Dickinson, director of the Bureau of Medical Economic Research of the American Medical Association. Merle Smith, executive secretary of the Nebraska State Medical Society, points out that although the seven counties are without the services of a physician, the small population and good transportation facilities mean persons in those counties are being cared for adequately. The doctorless counties are Sioux, Banner, Arthur, McPherson, Thomas, Loup, and Wheeler. **(Star Map).**

Air Force To Withdraw Korea Wing

FIFTH AIR FORCE HEADQUARTERS, Korea, (Monday) (INS)—The U. S. Air Force will withdraw a wing of Sabrejet interceptors from Korea in August and send it to Okinawa to be re-equipped with a new, deadlier, rocket-firing F-86D all-weather interceptor.

Far East Air Force Commander Gen. Earle Partridge made the announcement at Fifth Air Force headquarters in Korea and said the unit, the 51st Fighter-Interceptor Wing, would not return to Korea with its new jets because this would violate the armistice agreement.

Under the terms of the Korean Armistice, neither the Communists nor the United Nations are allowed to increase or modernize the forces which were in Korea when the armistice was signed last year.

But Partridge quickly emphasized that "the movement of the 51st will in no way reduce the capability of fear to provide for the air defense of Korea.

"In the event of future hostilities, Korea is one-hour and 40 minutes F-86 flying time from Okinawa," he said.

India Calls Quick Indochina Truce Commission Meet

NEW DELHI (INS)—India has called an immediate meeting of the three-power Indochina Truce Supervisory Commission.

The commission was set up by the Geneva Conference in its agreement to end the Indochina War. The announcement of the meeting—expected to be held within a week—came as Indian Premier Jawarhalal Nehru said the Geneva Conference saved the world for the "abyss of an atomic war."

He spoke at the openings of the All-China Congress Committee.

The Indochina armistice is scheduled to go into effect Tuesday.

India sent invitations to the two other powers on the commission, Poland and Canada.

Tunisian Gunman Kills Bey's Guard

TUNIS, Tunisia (AP)—Violence continued Sunday in this tense French North African protectorate. A revolver-wielding Tunisian killed a fellow countryman and a French soldier and wounded another soldier.

French authorities clamped on tighter security measures against nationalist terrorists after the assassination of French Col. Rene de Benoit de LaPaillone. The colonel commanded the guard for the protectorate's nominal ruler—the Bey of Tunis.

French Resident General Pierre Vizard postponed a scheduled trip to Paris. Police ordered all Arab cafes closed. Roadblocks were set up on all routes.

In Paris a Cabinet meeting was expected to take up the Tunisian problem early this week.

Pathologists Find Thorne Dies Of Natural Causes

CHICAGO (AP)— Four pathologists probing the death of Montgomery Ward Thorne have found that the 20-year-old heir to a mail order fortune died of natural causes, one of the pathologists said Sunday.

Thorne's body was found June 19 in his $75-a-month near North Side apartment. Cause of death could not be determined immediately, and a physician in the coroner's office hinted the youth may have died of foul play.

Dr. Otto Saphir, University of Illinois pathologist and head of the Department of Pathology at Michael Reese Hospital, said the findings will be reported to Coroner Walter E. McCarron this week.

Legal experts said this will leave McCarron no alternative but to adjourn the inquest which has been going on intermittently for six weeks.

STAN DELAPLANE'S

POSTCARD

Man named Senator Vest once delivered a eulogy to a dog. He said some mighty kind things about dogs. And when anybody cares to say a few words about dogs, he usually gets out the senator's remarks and repeats them.

I take another view of dogs. The view I take is that dogs are no roses. In fact, they smell very doggy and especially in rainy weather. In dry weather my dog is mildly fragrant. But when it rains—that isn't Chanel No. 5, kids.

☆ ☆ ☆

Now before the dog lovers of America hang me in effigy with dog leashes, let me say that I am not against dogs. Except part of the time.

That time is when my own dog decides to be against me. The particular part of me he likes to be against is my lap. Being 90-odd pounds of Boxer, this seems a difficult program to me.

Not to him though. He just works into my lap, foot by foot, and then relaxes with a deep sigh. At this point he is very aromatic.

He drools too. He has a tongue a foot long and he spends a fair amount of time polishing my face with it. He sheds. I have had to put up my blue graduation suit for the season until his hair decides whether it is going to go or going to stay.

These are the things the senator forgot to mention. I am in accord that dog is man's best friend. Especially if the man is in the cleaning business.

☆ ☆ ☆

The actual fact, from my observation, is that small girl's are dog's best friend.

Before this dog came along I led a quiet and contented life. Man's best friend changed all that.

I slept late and had an easy conscience. Now at 5 o'clock, this dog rises and shakes himself. It sounds like somebody shaking out a rug. Then he comes in to see me.

He has learned that when he pokes his nose in my face I will arise crying: "GIDDOUDA HERE!"

All of which he takes as indication that I am dog's best friend.

☆ ☆ ☆

Having roused me from bed, he leaps about in great frenzy. Often landing on my bare feet. The more I scream, the more he is convinced that I am in wonderfully good humor.

All this commotion arouses the small girl who comes boiling out of her room. All sparkling and prepared to start the day by asking why are buttercups yellow. And do snails eat each other. And can she have a piece of cake before breakfast.

At this point we unhook the chain dog collar from the door knob and attach it to the dog's neck. The point (from the dog's standpoint) is that we must catch him first. In the process he often climbs couches and barks and knocks over lamps.

Finally we get the collar on him and turn him loose. And I inform the young lady that it is barely 5 o'clock. And if I catch her in the cake I will whale the daylights out of her.

With this I stumble back to what I consider is man's best friend, which is bed. . . .

☆ ☆ ☆

But strangely sleep eludes me. And eventually I must rise and dress. (This being considered normal behavior by small girls and Boxers.) And there is much conservation about what she said to Martha and Martha said to her. And the jump rope business.

And as I depart, man's best friend comes to the door. He is weary and sorefooted from the morning rounds. And pays me no attention. Just gets on the couch to shed and go to sleep. And get ready for the next morning.

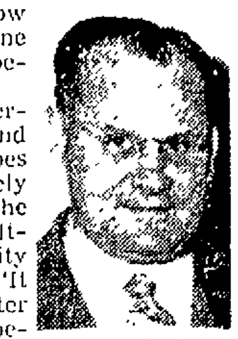
Beliefs Matter As Actions Follow Them—Dr. L. E. Watt

Beliefs do matter, Dr. Lloyd E. Watt told his congregation at Christ Methodist Church Sunday morning.

Beliefs matter, he said, because actions follow closely in line with those beliefs.



Dr. Watt

"What a person thinks and what he does are intricately connected," he said. "The oft-quoted falsity which says, 'It doesn't matter what you believe just so you live right,' must be dispelled once and for all, because if you don't believe right, you won't live right."

Dr. Watt said that one of the basic Christian beliefs is that man can be changed and lifted by the spirit of the living God.

"When we believe that the world can turn out all right, we work toward that end," he told his congregation. "Christians are certain that mankind can be converted into lovers of peace. That's why Christians work for such a world."

Dr. Watt said Christians support the mission program because they believe individuals can be redeemed. Actions, he said, always coincide with beliefs.

'Leaders, Not People, Are Stupid'

'Masses Everywhere Long For Peace'

WASHINGTON (AP)—President Eisenhower declared Sunday "it is only governments that are stupid" and that the masses in all nations long for peace.

In an address to the 12th World Christian Endeavor convention, the President made an impassioned defense of the spiritual values underlying the free world and contrasted these with the way of life of the Communist world.

Eisenhower said free peoples must unite "if they are to meet successfully the opposition which is united by force, by the threat of the MVD, by the threat of the police, the threat that comes about when a child is asked to inform upon its parents, when there is no sanctity left in family life, or in community life—in anything, indeed, except slavish devotion to the head of the state."

Delegates

The President spoke to the delegates to the international Christian youth association from a cross-surmounted platform in the Mayflower Hotel. A Hawaiian choir sang "God Bless America" in English and in Hawaiian before the president of the world organization, Dr. Daniel A. Poling of Philadelphia, introduced the President.

Eisenhower said he wanted to stress one conviction "that all men, all masses, do truly long for peace."

And he told the more than 600 youthful delegates:

"They want you to win the struggle you are waging. It is only governments that are stupid, not the masses of people. Governments may seek for power, for the right to dominate, to extend their authority over others. Free people do not seek that."

Not Specific

Eisenhower made no specific reference to current points at issue between the Communist bloc and the West, but the whole question of cold war problems was plainly in his mind. He said, for instance:

"We sometimes encounter in the diplomatic field the statement that an international relationship does not use moral standards, that it is based on expedience, or upon practical solutions to practical problems of the moment. And mayhap this is sometimes true, in the temporary sense. But it cannot be true in the permanent sense, if we are to win that security, that peace, for which all mankind so desperately longs.

"We must remember the spiritual base that underlies man's existence, and the spiritual base that underlies all free government, else we shall surely fail. . . .

The President addressed the gathering on his return from an *overnight stay at Camp David, his Maryland mountain retreat.*

Post Office Celebrating 179th Birthday

WASHINGTON (INS)—The Post Office Department marks the 179th anniversary on Monday of the founding of the American postal system and the selection of Benjamin Franklin as the nation's first postmaster-general.

Franklin's original instructions from the Continental Congress in 1775 were to establish "a line of posts. . .from Falmouth in New England to Savannah in Georgia with as many cross posts as he shall see fit."

The current chief of the department, Arthur E. Summerfield, noted that the postal system has grown to perform more than 1,200,000,000 miles of mail service annually from 40,000 post offices.

3 Auto Victims Joint Funeral Set

MANCHESTER, Ia. (AP)—Joint funeral services will be held at Garber, Ia., at 2 p.m. Tuesday for three victims of a fatal auto accident Saturday inside the entrance to Backbone State Park in Northeast Iowa.

The toll in the crash was raised to three Sunday when 20-year-old Carson Moser died at Iowa City. Moser's 17-year old wife and his 15-year-old sister, Elsie, were killed outright.

Mrs. Moser's body, now at a funeral home at Strawberry Point, will be taken Monday morning to Guttenberg where the other two bodies are held.

Tuesday's services will be at the Saint Johns Evangelical and Reformed Church at Garber. Four other persons riding in the car were injured in the accident. All were from Garber, a small town in Clayton County.

Reserve Men Reach Carson

COLORADO SPRINGS, Colo. (AP)—All of the units of the 355th Regimental Combat Team from Nebraska arrived at Camp Carson Sunday evening for the opening Monday of an intensive two-week training schedule.

The troop train movement commanded by Lt. Col. Orville Hutchinson went smoothly and for the second year in a row the Cornhusker elements of the 89th Infantry Division were ahead of schedule.

The troop movement, as a matter of fact, went so smoothly that it prompted Capt. Bernard Cohen of Omaha to say:

"The trip was so uneventful that we were there before we knew it."

The captain recalled that in 1951, Nebraska units arrived 12 hours later than their estimated arrival time.

Along with the 355th Infantry Regiment was the 342nd Field Artillery of Omaha, the 89th Quartermaster Company from Omaha and B Company 314th Engineers from Norfolk. Other Nebraska units are from Plattsmouth, Lincoln, Fairbury, Columbus and Fremont.

Elements of the 355th from McCook, North Platte and Scottsbluff arrived in camp by bus.

Candidate Dosek To Hit So. Platte

Edward A. Dosek of Lincoln, Democratic candidate for U.S. Senator, will carry his campaign for nomination into the South Platte territory this week, first meeting with a group of workers Monday in Falls City. He will move on to the Hastings area on Tuesday.

Last week he was in Omaha meeting with 300 members of a "Dosek for Senator" club.

Dosek in opposing flexible ***grain price supports points out*** that the farmer who was encouraged to produce more grain in war years stands to lose in three possible ways if the flexible plan instead of the rigid 90 per cent of parity plan is adopted.

First, he points out, a lower price would be possible under the flexible plan. Second is because of reduced acreage and third the possibility of a crop failure giving the farmer no income at all.

Shortage Of Corn Storage Expected

Corn storage space will be hard to find this fall in several important corn producing counties in eastern and central Nebraska, according to Everett Peterson, Extension Economist at the University of Nebraska.

July 31 is the deadline for farmers to decide whether they will reseal on the farm 1953 corn now under CCC loan on purchase agreement or deliver it to the government. Resealing on the farm may make it necessary to build more storage for the 1954 crop. Delivery of substantial quantities of 1953 corn to the Government will fill most of the available space in commercial warehouses and CCC bin sites. The problem must be met. Consult your local county agent, grain dealers or elevator operators for information.

Mass Arrests Follow John's 'Joining' Reds

BERLIN, (INS)—West Berlin police Sunday said they hope soon to unfold the "complete" story of the disappearance of Dr. Otto John—West Germany's so-called "FBI chief"—behind the Iron Curtain and hinted that they were ready to make arrests in connection with the case.

Police officials said they had received "important information from reliable police informants" on the mystery over whether Dr. John, the West German intelligence chief, was kidnapped or voluntarily deserted to the Reds.

From East Berlin, meanwhile, came reports that a "wave of arrests" was continuing in the Sovit Zone of Berlin with Communist police arresting "hundreds" of Western agents operating behind the Iron Curtain.

John had access to top secret documents and shortly before his disappearance had checked on the identities of top agents working in East Berlin.

Two such suspects shot their way out of East Berlin early Sunday, wounding two Communist policemen who tried to block their escape. The Communist radio said one officer was "near death" from wounds suffered in the border gunfight.

Unconfirmed reports said East German secret police were raiding homes and offices throughout the Soviet Zone and have doubled the guards all along the borders of West Berlin in order to catch any suspects attempting to flee.

Former teachers in the parish school were guests organists. They were Willard Rathe of Mount Clemens, Mich., and Arthur Bangert of Utica. A. C. Aufdenkamp of Polk, former member of the church, also served as organist.

Dr. Sheppard's, Friend's Stories 'Not Consistent'

LOS ANGELES (INS)—An Ohio investigator said Sunday he has found some "inconsistencies" between the testimony of Cleveland osteopath Dr. Samuel H. Sheppard, whose wife was murdered three weeks ago, and the story **told by a pretty young medical** technician he knew in Los Angeles.

Thomas Parrine, assistant Cuyahoga County prosecutor, said he and Cleveland homicide detective Robert F. Schottke questioned 23-year-old Susan Hayes about her relationship with Dr. Sheppard while he was taking a post-graduate medical course here last March.

Said Parrine:

"Suffice it to say that some of the things she told us are not consistent with the testimony given by Dr. Sheppard regarding their association."

Dr. Sheppard, whose wife was bludgeoned to death in their suburban Cleveland home on July 4, has insisted that he and Miss Hayes were only friends and that he never was intimate with her.

William M. Raine, Famed Western Fiction Writer, Dies After Illness

DENVER (AP) — William MacLeod Raine, who left his native London for the American West and became dean of cowboy authors, died Sunday in St. Luke's Hospital. He was 83.

Death came from a heart attack, doctors said.

Born in London June 22, 1871, Raine moved with his widowed father and family to the United States 10 years later. They settled on a cattle ranch on the Texas-Arkansas border.

There as a youth he learned much of the Western flavor that found its way into his novels. His first book, "A Daughter of Raasay," appeared in 1902. He later wrote "Wyoming," Ridgeway of Montana" and "A Texas Ranger."

Raine graduated from Oberlin College, Oberlin, Ohio, in 1894 and years later established the first journalism course at the University of Colorado, where he taught for five years.

He also was principal of a school in Seattle, Wash., where contributory columns he wrote in his spare time appeared in a local newspaper.

He is survived by his wife, Claire Parmeley Raine, a daughter, a brother, Edgar C. of Seattle, and a granddaughter.

Franco To Release 25,000 Prisoners

MADRID, Spain (AP)—Spanish chief of state Generalissimo Francisco Franco Sunday proclaimed an amnesty affecting an estimated 25,000 prisoners in Spanish jails.

The special pardon was granted in observance of the Marian Year now being celebrated by Roman Catholics to honor Mary, the mother of Jesus.

This is the fifth amnesty granted by Franco since the end of the civil war in 1939.

Capehart To Include Flanders

. . . In Censure Motion

WASHINGTON (INS) — Sen. Homer E. Capehart (R-Ind) said he will offer a motion to include Sen. Ralph E. Flanders in Flanders' own motion to censure Sen. Joseph R. McCarthy.

The Indianan who heads the Senate Banking Committee expressed the strongest opposition to date to the proposal by the GOP Senator from Vermont, who toned down his original plan to press for removal of McCarthy from his committee chairmanships.

Capehart told NBC's "Meet the Press" television panel that he would move to include the Vermonter because, he said, Flanders is guilty on the same charges he has hurled against the controversial Wisconsin Republican.

Specific Charges

He noted that Flanders, in a speech given out in advance of delivery, had compared McCarthy to Hitler, and said the Senate should act only on specific charges against one of its members. He indicated that Flanders' accusations have been too general for consideration.

Flanders has served notice that he will bring up the matter of Senate action on his censure resolution next Friday. He previously delayed pressing the issue because Senate leaders claimed it might interfere with enactment of the GOP legislative program.

Capehart expressed belief that after Flanders is included in the censure resloution, the whole issue should be tabled without Senate action.

The Indianan calletd the proceedings "foolishness" and added: "I'm in favor of tabling it and getting on with the business of the Senate."

Piggy Bank A Poor Deposit Box Substitute

Ruby Wagner of 521 So. 14th, Apt. 2, will readily admit that piggy banks are not the place to hoard that hard earned cash.

Her apartment was entered by forcing a lock on a door and $66 was taken from two brightly colored piggy banks and the drawers of a chest, police said.

Billfold Taken

Ivey Stuart of 1327 O, Apt. 3-1, told police an unknown party took a billfold containing $23 from a pair of trousers while he was out of the apartment a few minutes.

News Around The Globe

Damages Offered

TOKYO (Monday (AP) — The United States has offered Japan $800,000 compensation for direct damages caused by the hydrogen bomb tests at Bikini, Kyodo News Service said. Japan also seeks more than $6,000,000 for indirect and secondary damages, such as contamination of fish.

Miss Hong Kong Might Have Been On Downed Plane

LONG BEACH, Calif. (INS)—Although she placed only third in the Miss Universe beauty pageant, Miss Hong Kong said that she may have been the luckiest girl in the contest.

For if she had not been showing her curves in Long Beach, said pretty Virginia June Lee, 20, she "easily" could have been aboard the Cathay Pacific Airline plane shot down by Communist fighters last week near Hainan Island.

Virginia, a full-time stewardess for the airline, recalled that she has made many flights on the route of the tragedy and said:

"It easily could have been my flight. I fly once, twice or three times a week, depending on when they need me."

She said her flights over the route were uneventful, and added:

"We always fly about 30 miles from the island since you can't fly over Communist territory. You could see the air strip on Hainin, but we never saw any MIGs in the air."

Russia 'Ready'

MOSCOW (INS) — Russia observed Navy day with a propaganda warning that Soviet ships were ready to deal "a shattering blow" to the West.

An editorial in Pravda said the navy wold strike back promptly if "imperialist aggressors are seized with madness and try an attack."

Other newspapers front-paged an official "order of the day" praising the navy and published photographs of Russian ships and personnel.

New Record

PALISADES PARK, N.J. (INS)—Palisades Park officials credited John Stevens and his son Garry, 6, with setting a new world's record for the merry-go-round marathon—106 continuous rides.

Officials said the New Yorker and his son stayed on for the ride-to-nowhere for three and one-half hours, establishing "what is unquestionably a world's record for continuous merry-go-round riding."

They said the feat cost Stevens $10.60.

Plane Crashes

THE HAGUE (INS) — A four-engined plane — believed to be either an airliner or a Royal Air Force bomber — reportedly crashed at sea off Breskens, Holland.

Identity of the plane was not determined immediately. Eyewitnesses indicated it might be an RAF Lincoln bomber, which normally carries a crew of six to eight men.

All Is Not Tranquil

The nation's agricultural areas at week end once again voted for wheat marketing controls, choosing a regulated 1955 crop with price supports in preference to wide open production on a catch-as-catch can marketing basis.

But it was referendum full of lights and shadows. There was declining support for crop controls. The 1953 referendum endorsed controls by 87.2 per cent of the total vote. This subsequent referendum carried by only 71.8 per cent, according to present tabulations.

More significant, perhaps, was the sharp decline of voters. Forty per cent fewer farmers than in 1953 participated in this year's referendum.

By the character of the returns those farmers who did vote remained unswervingly loyal to a farm program as they have known it, differing with Agriculture Secretary Benson who would have things differently. If this year's smaller margin of endorsement of marketing controls is cited in Benson's behalf, it must be remembered that the terms of the 1955 control program are greatly more austere than a year ago. In 1953 the wheat grower knew that he was going to be supported at 90 per cent of parity. This year the support percentage has not yet been announced, but the indications are that it will be less than 90 per cent. There is also the condition of cross compliance which will permit nothing like the alternate crop opportunities of a year ago. This latest referendum also was conducted in an atmosphere of unusual political uncertainty. Farm measures are still before Congress and no one yet knows what is in store for agriculture.

But the sharp decline in voting is another matter. Why are so many farmers refraining from participation? one may ask. Is it that the program is becoming untenable for them? Has its conditions become so changed that an increasing number of farmers are finding it more advisable to get along the best way they can out of it? Certainly the absentee voters cannot be called converts to the Benson doctrine, else they would have gone to the polls and so expressed themselves.

These are presently deep and cloudy questions demanding time for their answer. But they spell out one impressive fact—all is not tranquil, all is not happy down on the farm.

The Warm Afterglow

With a bit of a lull even while the possibility persists that Mother Nature may be only restoking her midsummer kilns, the reader can glance across front pages of the state press in fuller appreciation of hot-weather comments and capers . . .

What is so rare as a day in June? intones Reed O'Hanlon in the Blair Pilot-Tribune. And what, he adds, so well-done as a day in July? . . . The Fairbury News calls it strictly hot-weather humor, and we are inclined to agree, when a citizen remarked on the splendid air-conditioning in the local bank, to be informed: "We have no air-conditioning unit in this bank—the place is cooled by the banker's heart." . . . Arch Jarrell, veteran Grand Island editor, perspired and pounded on the sticky typewriter keys, and came up with the tale of the old-timer who remembered a summer that was a summer. All the thermometers broke as of June 21 that year, so temperature readings the rest of the summer were merely guesswork. Not only could one fry an egg on the sidewalk—he could barbecue a hog. In fact, 11 of the porkers were cooked thusly right out in the field, and the grease started a prairie fire which burned up the animals and nearly the town as well. Another fellow drove a herd of cattle across the Platte River on the third of August and when he got 'em across, all he had was boiled beef . . . so says Mr. Jarrell . . .

Zela Loomis wondered in the Columbus Telegram what had become of the birds, and J. Hyde Sweet pointed out to him in the Nebraska City News-Press that one has merely to turn on the lawn sprinkler to bring them forth in swarms. Mr. Sweet suspects "the birds have more sense than we humans. When it gets too hot for any use, they hide out." . . . But there were two additional items belying intelligence or caution, at least, on the part of the feathered flitters . . . The Aurora fire department rushed to the Lee Foss farm to extinguish a fire in the barn caused apparently when a bird picked up a lighted cigaret butt and deposited it in the haymow . . . and an O'Neill sparrow caused a brief but spectacular break in the power network for the whole of northeast Nebraska with a piece of wire, a blade of wet grass or a wet stick dropped across a 69,000-volt high tension terminal on a main oil switch . . . A northeast Nebraska publication pointed out for what comfort was to be derived that 18 years ago it was much worse. June of 1936 had three days of reading over 100 degrees, compared with only two this year. In July then, there were 24 days over 100, 17 of them consecutive, with August offering 13 more days over 100 . . . As a comparative value between youth and age, the Neligh News complains editorially that somehow the ants, chiggers and mosquitoes seem to be so much worse now than they were 20 years ago . . . And then there is the DeWitt man who is going to start going to church, since if hades has "anything hotter than this, I don't want any part of it."

Beat By The Greedy

The sordid story of windfall profits under the old Defense Housing Act continues to add new chapters telling of lush and exorbitant profits taken by greedy operators who found they could do so because of a poorly written law. The nation is naturally indignant but it can do little because the evil was a moral rather than legal one.

About all the government can do is to tighten up the law and resolve to move in more closely in its watch over the public welfare, possibly adding a clause permitting a review of projects after they are complete with a right to rationlize the contracts where profits exceed a reasonable amount.

Of Men And Things

By J. E. LAWRENCE

PALOS VERDES, Calif.—Doane College will benefit substantially through the philanthropy of the late Sen. Hugh Butler, a devoted son of the institution where he spent his academic years. It was a typical display of concern for the future of Doane which lead Sen. Butler to leave his entire estate, aside from personal effects, to his alma mater. In addition to heavy duties in Washington, Sen. Butler found adequate time and strength to serve Doane as the head of its board of trustees for a considerable length of time.

Part Of American Way

One of the finest aspects of the system of capitalism which all too infrequently gets public attention is the philanthropic spirit which characterizes it. Men of substance who spend a lifetime accumulating wordly goods devote huge amounts of money to improve American standards. It would be unfortunate if current legislative concern in Washington with reference to established foundations should lead to restrictive legislation discouraging gifts of this character. All through this section of California the visitor is impressed constantly with the generosity shown by men and women of wealth. Nearby the huge Jolson Memorial is nearing completion. It will add a great deal to a section of the city where a famous entertainer sang and slap-sticked his way to fame. It would be impossible to *enumerate even in a small way* the benefactions which have enabled the people of Southern California to grow and to enjoy themselves and to add to the attractions which contribute to a rich tourist trade . . .

★

A brief news item revealed that the budget for the impending school year for the Los Angeles public schools will be 138 million dollars, an approximate 30 million less than the total appropriations for state government in Nebraska for the current biennium. But these schools serve more than two million people, or more than the entire population of Nebraska. That does not include, however, schools for suburban areas not within the corporate limits nor take into account many private institutions.

Emphasis On Secondary System

There is a very excellent reason for the emphasis out here on secondary colleges of which California possesses an exceptional number, all high grade. The University of California, Southern California, Stanford, and UCLA have all grown so large as to give added importance to smaller facilities for thousands of young men and women desiring to continue their training. The total educational bill here is little short of staggering but there seems to be no stopping. The demand for new physical plants, for additional campus facilities, for enlarged faculties, and for all of the items of cost which enter into education continues to mount. Naturally the eastern seaboard, by virtue of its age and the excellence of many of its older universities, will continue to occupy a prominent spot in American education. And the Midwest with its fine universities may be expected to hold its own in this fast pace for superior educational advantages. But the march continues westward. Fifty years hence the results of that march will be much more discernible than they are at the present time.

Cover-up In Texas Parrot Fever Cases

WASHINGTON—It has been carefully covered up, but a shocking scandal lies behind the outbreak of "parrot fever" in Texas. Inside story is that diseased turkeys, which caused the epidemic, have been dumped on the market, endangering those who handle them.

One 60,000-pound shipment, rejected by the Army, was later sold for civilian consumption. Public health authorities have traced other shipments all the way to Boston, Philadelphia and New Orleans. Though packed in ice, some of these turkeys were still found to be carrying live "parrot fever" virus—the same virus that has already caused one known death in Texas.

While they constitute no danger once cooked, they are a danger to those who pluck or dress them.

Meanwhile, when Dr. B. C. Pier, chief of poultry inspection in the Agriculture Department, complained of lax inspection methods he was promptly removed from duty.

On June 1, Pier wrote a confidential memo to his chief, W. D. Termohlen, director of the poultry division: "We feel that during the past year the efficiency of the poultry-inspection service has deteriorated markedly," he said. "This is evidenced by reports from canners and others who purchase inspected eviscerated poultry that it has not been properly prepared as ready-to-cook poultry. There is a widespread feeling in the inspection service that efforts to carry out a sound program will not receive backing if the industry objects. Many supervisors and inspectors have become extremely discouraged in their efforts. . ."

For his memo, Pier was summarily removed as inspection chief and replaced by Dr. Roy E. Willie, whose first act was to inform employees that he "wanted to be fair to the industry."

Pier was given a fancy but meaningless assignment in charge of state inspection programs. Since few states have inspection programs, this puts Pier in a spot where he cannot bother the industry.

Actually, the inspection of poultry is under both the Agriculture Department and the Food and Drug Administration of the Department of Health, Education and Welfare. Strictly speaking, the Agriculture Department is supposed to "grade" poultry. However, since the funds of the Food and Drug Administration have been cut so low by GOP Congressman Taber of New York and Busbey of Illinois that they can inspect factories only once every 12 years, agriculture inspects as well as grades.

Only 20 per cent of the nation's poultry plants are government-inspected, and the companies, not the government, pay inspectors' salaries. In return they get the benefit of the "U.S. government inspected" stamp; but since they pay the salaries, inspectors naturally lean toward those who foot the bill.

☆ ☆ ☆

As a result of these lax methods and lack of funds, official reports received at the Agriculture Department reveal the following unpleasant, unpalatable, but unescapable facts:

1. Diseased poultry, often covered with sores and swellings, are thrown indiscriminately on the market. The blemishes are simply cut off, and the diseased parts are often sold in fancy packages, offering ready-to-cook drumsticks, breasts and other featured parts.

2. **The poultry companies that submit to inspection are constantly nagging the Agriculture Department to lower its standards. This industry pressure was what finally caused Chief Pier to complain that his poultry service had "deteriorated markedly." But instead of cracking down on the industry, the Agriculture Department cracked down on Pier.**

PARROT FEVER HITS

The psittacosis or "parrot fever" epidemic struck Texas poultry plants in May, sweeping through the employees. More than 300 cases were reported, including one death. First hit were Corsicana Poultry of Corsicana, Producers Produce of Lampasas, Swift & Co. of Tyler, and Market Produce of Brady.

Veterinarians quickly traced the disease to sick turkeys. Most of the plants did not close down, but continued to ship turkeys to market from the sick flocks. This has been proved by public health authorities who have found Texas turkeys, packed in ice but still infected with psittacosis, 2,000 miles away in Boston and Philadelphia. Another shipment has been traced to New Orleans.

Here is one confidential report made by Field Inspector S. B. Donelson after checking on the Producers Produce plant at Lampasas, Tex.

"On or about May 4, 1954, a sick flock of turkeys was processed at the plant," Donelson informed Washington. "I started work there May 12, 1954, at which time some of the employees were ill. Others became ill within the next week or two, until 26 of the 65 employees were affected. There have been two relapses among the 26. The plant did not close due to this outbreak."

The Army, worried about the health of its G.I.s, rejected two carlots of turkeys from market produce of Brady, Tex. The plant then turned round, sold the same 60,000 pounds to civilian buyers. When queried by this column, a company spokesman admitted reselling the rejected turkeys but claimed the Army was being overcautious in turning them down.

This column will publish more about the way in which the Agriculture Department has bowed to the industry.

Secretary of the Interior Doug McKay is in something of a dither over the Republican national committeeman in the Virgin Islands. It seems that the committeeman, Roy Gordon, one of the most active Republicans in the islands, has got himself in trouble.

And Secretary McKay hasn't quite decided what to do about it.

After the war, the Navy turned over to the Interior Department considerable property in the form of a submarine base, port facilities, and an airport. The Interior Department, in turn, handed them over to the local municipal council, and Roy Gordon was appointed as general manager. Though a Republican, he served under Democrats and naturally has continued in office under the Republicans.

But the other day the Navy sent the Interior Department an accounting of its property, and when McKay's office dug into the matter, it was found that Gordon had made no audit of the Navy's property since it was received.

Following this, Gordon was suspended by local Virgin Islands officials—though allowed to continue drawing his $6,000 salary.

Learning of this, Secretary McKay joked: "I'd like to be suspended with full pay too."

French Worship Peace As Empire Slips Away

PARIS—Except for a brief interval after 1945 France for the past 15 years was engaged in one kind of war or another until the cease-fire at Geneva put an end to the conflict in Indo-China. In the light of this tragic record the extraordinary thing is not that France is in a difficult spot but that the basic structure of French life has survived with a remarkable degree of order and stability. Peace has at last broken out and that has, in itself, brought an enormous sense of relief. But most Frenchmen have so long cynically shrugged off indifferent and irresponsible governments that they cannot quite believe in anything else.

It is hard for the average Frenchman to realize that a politician is trying to talk straight from the shoulder, dwelling not on the past glories of France but on the harsh realities that must be faced up to if this nation is to survive as a power in the European community. Premier Mendes-France reporting to the packed national assembly on the Geneva negotiations possessed in his voice the tension of a prize fighter at the beginning of what he knows will be a long, hard contest. This premier looks like a boxer, a tough, wiry lightweight trained to a fine point, facing the most formidable adversary of his career.

☆ ☆ ☆

Undoubtedly his initial success, in ending the Indochinese war on terms at least relatively respectable, has won wide approval. It is in the sense of a burden at last lifted and with it the threat of a larger war that might engulf not only Asia but Europe.

This sense of relief may be illusory but the French and probably most Europeans are determined to enjoy the illusion. That may well be one of the chief reasons the Communist powers were willing to grant a cease-fire, believing that it would delude the West into relaxation and eventual disarmament with an end of the defensive alliance built up since 1950.

France with its pride in individualism is far from unanimous in approving the cease-fire. In the quiet of a neighborhood cafe this reporter saw one of those elderly Parisienne ladies, dressed in black silk taffeta and a hat of ancient vintage, reading with an expression on her face of sternness and sadness the royalist paper, "Rivarol," with its big headline: "This not Munich, this is Sedan."

It was at Sedan that the French were forced to sign the harsh surrender terms imposed by the Germans after their victory in the Franco-Prussian war of 1870. Sedan is one of those rankling memories that invokes patriotism and the deep suspicion of Germany which has contributed to the long delay in considering the European army treaty.

☆ ☆ ☆

For an older generation and for many not so old the "cruel terms"—so Mendes-France declared them to be—of the Indo-China peace are another bitter defeat. It is the end of France as an empire and a world power, shattering the long dream of the grandeur and glory of the past.

The politicians of the right will not be slow to exploit this disillusion. In fact, they've already begun to do so and in the further struggle just ahead they will invoke the bitterness of those who feel that somehow France could have escaped this humiliation.

Realism is a novelty in the game of politics. But perhaps after dwelling for so long in the never-never land of wishful thinking with the trappings of the past always on display the French will recognize the virtues of a man who offers them nothing but the stern truth.

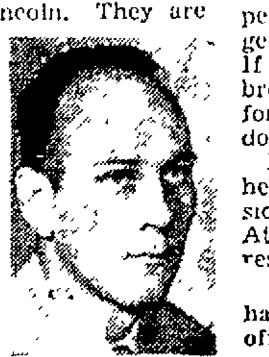
BILL DOBLER At City Hall

Salt Creek Problem 'Stagnates'

It has been just about one year now since the city and sanitary district started thinking seriously of the sanitary sewer problems in Lincoln. They are still thinking.



Bill Doebler

The thoughts have gotten no more serious and no further than they were last summer when over loaded sewers were being bypassed into Salt Creek at several places along the west side of town. If anybody in private business ever ran up a record like that, they would be "busted" in no time flat.

But while the two governmental subdivisions have failed to make any progress whatsoever, the problem of overloaded sewers has moved right along, getting bigger and bigger every day. Each new house that is built and each year's increase in population adds to the problem.

As the problem grows, Salt Creek becomes more and more a breeding grounds for flies and other harmful insects. The stream also becomes more polluted to the destruction of what little recreational opportunity it offered and to the annoyance and inconvenience of those people living or doing business near the creek.

☆ ☆

And not only the west side of Lincoln is affected by the problem. Sewers in other parts of town, particularly through and around University Place, are taxed to their capacity right now. There is no creek to use for a bypass in this area so the only thing that can happen is the back-up of sewers in the area into homes.

Perhaps this will have to happen before the city and district get together on a plan of action. If the two groups need taxpayers breathing down their necks before they can get something done, they haven't long to wait.

Numerous meetings have been held between the two subdivisions but nothing has been done. At times the meetings have even resulted in steps backward.

Whose fault this is, is pretty hard to say. While the elected office-holders on both sides might be splitting hairs over which engineers are going to prepare a plan for sewer improvements, the city and district engineers are for some reason shirking their duty.

Months ago, these engineers were instructed to bring in their recommendations for action. This was never done and a subcommittee was later appointed to find out the cost of a study and plan for the sewer system.

Once again, the city and district engineers failed to set up any standards by which an accurate estimate of cost could be obtained. When instructed at the last meeting to prepare a set of specifications on which proposals could be received from outside engineers, the city and district engineer stated flatly they could not do this.

☆ ☆

According to Walter B. Coale, district engineer, the preparation of such specifications would mean the preparation of the plan the two groups are attempting to buy. This, he maintains, would call for more study and work than either engineering department has the time or manpower for.

There is just about as much "hogwash" in that stand as there is floating down Salt Creek right now. If the engineers have the time to sit through meeting after meeting without accomplishing anything, it would seem they could find time to set down a list of things they wanted in the way of a study and plans.

It is way past time for the engineers and other officials concerned to stop beating around the bush and get down to the facts. There is a job to do and it can't be accomplished by debating what can or cannot be done and who is goinng to do it.

The district constructed a $700,000 disposal plant without any delay or unnecessary disruptions and the city has successfully constructed many costly sanitary sewer lines. Yet it has now taken both groups combined more than a year to settle an issue involving less than $10,000.

There is the distinct possibility that with the coming fiscal year's appropriation, the city will clean up for the first time in years all requests for street lights. At the beginning of this current year there were 60 requests for lights on record.

As of now, that number has been cut to 47 with a number of new requests made during the year. A total of 55 street lights have been installed this year at a cost of about $12,000.

In the previous year, only 25 new lights were installed, so progress is being made. Figuring an average cost of $225 per light, an appropriation of about $1,000 for new light installations this coming year would clean up the backlog. How many new requests will be made during the year is not known but the street light situation looks better now than it has for years.

One Alarm Wife

There just is not room in one bedroom for two alarm clocks—not when the bedroom is ours and the tender of the clocks is my wife.

Mrs. F.'s running feud with alarm clocks has kept our house in an early morning uproar for many years, but she has at last over-matched herself. She bought a new alarm clock—the littlest one I have ever seen. It is too little to be easily found by someone who gets out of bed in the morning with both eyes closed and goes hunting for it to silence the bell.

"It is so tiny," Mrs. F. explained when she brought it home, "that maybe by the time I find it, I'll be awake enough not to smash it, or pile things on top of it. And it's a lot prettier than the old one."

☆ ☆ ☆

About that last statement, there could be no argument. Our old alarm clock has not come through its battles with Mrs. F. without scars. The glass is broken, one leg is askew, the hands are gnarled from much twisting, and it has more dents than a new fender. The thing is, it runs. Other clocks have come, been conquered, and gone, but this one goes on forever.

"I don't trust an alarm clock this size," I told Mrs. F., surveying the new one. "Suppose we use 'em both the first morning. We can set the little one to go off five minutes ahead of the old one. Then, if it doesn't work, or isn't loud enough, we'll still wake up."

What I forgot, and Mrs. F. did not foresee, was that she does not remember clearly nor think logically when she is sleepy. The little clock worked perfectly. It sounded off, loud and clear, in the darkness before dawn. Mrs. F. swung nobly out of bed, hands waving in front of her, eyes squeezed tight shut.

She smashed down the button on the old clock.

The ringing went on. She turned the old clock upside down and pounded its top on the dresser. Still the sound of a clock's alarm rocketed against the walls. Mrs. F. sat on the old clock. The noise went on.

Throughout the years, Mrs. F. has developed one strong philosophy where alarm clocks are concerned. If you cannot keep them still any other way, bury them. She reverted to this simple measure now. With her eyes still closed, she stumbled back to the bed. She fumbled sleepily with the covers, and buried the clock.

Trouble was, she buried it under me. An alarm clock, even when it is not ringing, is not a comfortable thing to have wedged under your third rib. I squirmed. Mrs. F. paid no attention. She was getting desperate. The sound was still loud and brassy in the room. She piled three rugs, two pillows and a hat box on top of me, knowing the old clock to be under there somewhere. She had a dachshund poised, ready to add to the heap, when I rebelled.

I got up, even at the risk of setting a bad precedent, and shut off the little alarm clock.

Mrs. F. stumbled downstairs to make coffee, serene in the belief that she had, once again, conquered a clock. Her eyes were still closed.

Senator For Crosby

Sargent, Neb.

To the editor of The Lincoln Star: One of the most desirable qualities to be found in a public official is his devotion to his oath. To embrace the oath administered at the time of taking office requires a man of integrity and personal motives above reproach. Bob Crosby has proved to be such a man and has met the responsibilities of his office squarely and fairly. No public official should be denied support because he has enforced the laws.

Defeat At Geneva

Los Angeles, Calif.

To the editor of The Lincoln Star: The stunning defeat of the free world at Geneva resulted, in no small measure, from the truce in Korea and the Dulles-Nixon "new look" diplomacy.

The Korean truce, arranged to fulfill the Eisenhower campaign promises, enabled the Reds to transfer their heavy artillery to Indo-China and demolish the French strongholds there.

The "instant and massive retaliation" bluff and bluster impressed no one but the Truman-Acheson critics. Manifestly, it failed to impress the Reds.

It brings to mind nothing so much as the "gun-waving tenderfoot" on the old frontier where the motto of those who survived was "don't draw unless you intend to shoot."

The mounds in the "boot-hill" cemeteries are sufficient reminders of what happened to the gun-wavers.

Prepare To Vote

Lincoln, Neb.

To the editor of The Lincoln Star: The parade of governmental candidates, county state and national, now passes in review. Perhaps they are not the ultimate in civilian brains and finance, but at any rate they are willing to perpetuate our elective systems of government. We inherited from Nebraska pioneers the right to elect our public officials. We should preserve that important privilege.

By custom and tradition in Nebraska, campaigning candidates are rightfully subjected to public scrutiny. The electorate is entitled to know the truth, the whole truth and nothing but the truth.

Ponder well the inevitable fact that those candidates, men and women who receive constituency approval will be the officials with whom you must work and live in the near future.

Lincoln, Omaha Have 'Prime' Medical Service; 7 Counties Have No Doctors

Lincoln and the combined area of Omaha and Council Bluffs are the only two cities in the state classified as "prime primary medical service areas."

The classification means the areas are two of the 88 "centers that have the personnel and facilities necessary to offer every type of medical treatment and surgery."

On the other hand, there are seven counties in the state which do not have a physician living or practicing within the county lines. The counties are Sioux, Banner, Thomas. Loup, Wheeler, Arthur, and McPherson.

Nebraskans in central Cherry, Arthur, and McPherson Counties, southwest Logan County, north Blaine and Loup Counties, and south Brown and Hock Counties live more than 25 miles from the office or residence of an actively practicing physician.

The findings above are the result of a eight-year study made on a national basis by Dr. Frank G. Dickinson, director of the bureau of medical economic research of the American Medical Association. His results have been published by the AMA in the book, "Distribution of Physicians by Medical Service Areas."

He divided the nation into 757 "medical service areas"—towns, which, relative to their surrounding territories, are primary sources of physicians' services.

Dr. Dickinson found that Lincoln has one doctor for every 680 persons, placing it in 743rd-744th place in the 757 place listing. Omaha has one physician for an average of 850 persons.

In Nebraska, towns which ranked near the top of the listing with a higher number of persons per physician were Valentine (2,820 to 1), Ainsworth (2,040 to 1), and Ord, (1,780 to 1).

Ainsworth won a unique distinction of being a primary center of medical service and also ranking near the top of the list in number of persons served by one doctor. The town has three general practitioners, two part-time specialists, and two federal physicians. Ainsworth is located in Brown County in the Sandhills area of the state.

Merle Smith, executive secretary of the Nebraska State Medical Association, explained the lopsided distribution, "There are not very many doctors in the Sandhills area but then there are not very many people there either." He added that it would not be economically feasible for a physician to locate in the western section of the state as he would have to operate his office at an economic loss.

"From Valentine, Ord, and the Ainsworth areas, which have a relatively high number of persons per doctor, we have no insistent demand for additional physicians," Smith said. "This is mostly Sandhill country, and there are wide expanses of land. Quite a number of the ranchers have airplanes; many of the people belong to the Flying Farmers Association, and airplane transportation is readily available to Omaha, Denver, Lincoln, and Yankton, S.D."

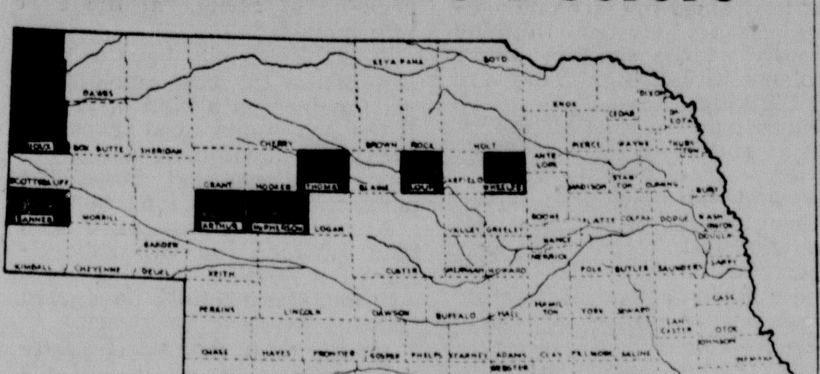
Primary centers, in addition to Omaha and Lincoln, in the state include the following:

Stuart
Valentine
Norfolk
Fremont
Ord
North Platte
Sidney
York
Falls City
Beatrice
Hastings
Holdrege
Imperial
Scottsbluff
Ainsworth
Chadron
Alliance
Wayne
Columbus
Broken Bow
Loup City
Grand Island
Nebraska City
Pawnee City
Fairbury
Kearney
McCook

Towns without a physician included the following:

Verdel
Springview
Antioch
Waterloo
Ft. Calhoun
St. Edward
Paxton
Shelton
Peru
Table Rock

Dr. Dickinson's work is based on 1950 statistics, but Smith said that as far as he knows the Nebraska situation is the same at the present date.



Seven Counties Get Along Without Doctors

Seven Nebraska counties shown blacked out on the map above, do not have a physician practicing within their borders, according to Dr. Frank G. Dickinson, director of the Bureau of Medical Economic Research of the American Medical Association. Merle Smith, executive secretary of the Nebraska State Medical Society, points out that althuogh the seven counties are without the services of a physician, the small population and good transportation facilities mean persons in those counties are being cared for adequately. The doctorless counties are Sioux, Banner, Arthur, McPherson, Thomas, Loup, and Wheeler. **(Star Map).**

Red Bigwigs Blast Rearmament Plans

BERLIN (AP)—Chou Enlai, premier and foreign minister of Red China, and East German Premier Otto Grotewohl joined tonight in attacking the "American sponsored" rearmament of West Germany and Japan.

They endorsed the latest Soviet note calling for a new big power conference on European security.

Pathologists Find Thorne Dies Of Natural Causes

CHICAGO (AP)— Four pathologists probing the death of Montgomery Ward Thorne have found that the 20-year-old heir to a mail order fortune died of natural causes, one of the pathologists said Sunday.

Thorne's body was found June 19 in his $75-a-month near North Side apartment. Cause of death could not be determined immediately, and a physician in the coroner's office hinted the youth may have died of foul play.

Dr. Otto Saphir, University of Illinois pathologist and head of the Department of Pathology at Michael Reese Hospital, said the findings will be reported to Coroner Walter E. McCarron this week.

Legal experts said this will leave McCarron no alternative but to adjourn the inquest which has been going on intermittently for six weeks.

Air Force To Withdraw Korea Wing

FIFTH AIR FORCE HEADQUARTERS, Korea, (Monday) (INS)—The U. S. Air Force will withdraw a wing of Sabrejet interceptors from Korea in August and send it to Okinawa to be re-equipped with a new, deadlier, rocket-firing F-86D all-weather interceptor.

Far East Air Force Commander Gen. Earle Partridge made the announcement at Fifth Air Force headquarters in Korea and said the unit, the 51st Fighter-Interceptor Wing, would not return to Korea with its new jets because this would violate the armistice agreement.

Under the terms of the Korean Armistice, neither the Communists nor the United Nations are allowed to increase or modernize the forces which were in Korea when the armistice was signed last year.

But Partridge quickly emphasized that "the movement of the 51st will in no way reduce the capability of fear to provide for the air defense of Korea.

"In the event of future hostilities, Korea is one-hour and 40 minutes F-86 flying time from Okinawa," he said.

India Calls Quick Indochina Truce Commission Meet

NEW DELHI (INS)—India has called an immediate meeting of the three-power Indochina Truce Supervisory Commission.

The commission was set up by the Geneva Conference in its agreement to end the Indochina War. The announcement of the meeting—expected to be held within a week—came as Indian Premier Jawarhalal Nehru said the Geneva Conference saved the world for the "abyss of an atomic war."

He spoke at the openings of the All-China Congress Committee.

The Indochina armistice is scheduled to go into effect Tuesday.

India sent invitations to the two other powers on the commission, Poland and Canada.

Tunisian Gunman Kills Bey's Guard

TUNIS, Tunisia (AP)—Violence continued Sunday in this tense French North African protectorate. A revolver-wielding Tunisian killed a fellow countryman and a French soldier and wounded another soldier.

French authorities clamped on tighter security measures against nationalist terrorists after the assassination of French Col. Rene de Benoit de LaPaillone. The colonel commanded the guard for the protectorate's nominal ruler—the Bey of Tunis.

French Resident General Pierre Vizard postponed a scheduled trip to Paris. Police ordered all Arab cafes closed. Roadblocks were set up on all routes.

In Paris a Cabinet meeting was expected to take up the Tunisian problem early this week.

STAN DELAPLANE'S

POSTCARD

Man named Senator Vest once delivered a eulogy to a dog. He said some mighty kind things about dogs. And when anybody cares to say a few words about dogs, he usually gets out the senator's remarks and repeats them.

I take another view of dogs. The view I take is that dogs are no roses. In fact, they smell very doggy and especially in rainy weather. In dry weather my dog is mildly fragrant. But when it rains—that isn't Chanel No. 5, kids.

☆ ☆ ☆

Now before the dog lovers of America hang me in effigy with dog leashes, let me say that I am not against dogs. Except part of the time.

That time is when my own dog decides to be against me. The particular part of me he likes to be against is my lap. Being 90-odd pounds of Boxer, this seems a difficult program to me.

Not to him though. He just works into my lap, foot by foot, and then relaxes with a deep sigh. At this point he is very aromatic.

He drools too. He has a tongue a foot long and he spends a fair amount of time polishing my face with it. He sheds. I have had to put up my blue graduation suit for the season until his hair decides whether it is going to go or going to stay.

These are the things the senator forgot to mention. I am in accord that dog is man's best friend. Especially if the man is in the cleaning business.

☆ ☆ ☆

The actual fact, from my observation, is that small girl's are dog's best friend.

Before this dog came along I led a quiet and contented life. Man's best friend changed all that.

I slept late and had an easy conscience. Now at 5 o'clock, this dog rises and shakes himself. It sounds like somebody shaking out a rug. Then he comes in to see me.

He has learned that when he pokes his nose in my face I will arise crying: "GIDDOUDA HERE!"

All of which he takes as indication that I am dog's best friend.

☆ ☆ ☆

Having roused me from bed, he leaps about in great frenzy. Often landing on my bare feet. The more I scream, the more he is convinced that I am in wonderfully good humor.

All this commotion arouses the small girl who comes boiling out of her room. All sparkling and prepared to start the day by asking why are buttercups yellow. And do snails eat each other. And can she have a piece of cake before breakfast.

At this point we unhook the chain dog collar from the door knob and attach it to the dog's neck. The point (from the dog's standpoint) is that we must catch him first. In the process he often climbs couches and barks and knocks over lamps.

Finally we get the collar on him and turn him loose. And I inform the young lady that it is barely 5 o'clock. And if I catch her in the cake I will whale the daylights out of her.

With this I stumble back to what I consider is man's best friend, which is bed. ....

☆ ☆ ☆

But strangely sleep eludes me. And eventually I must rise and dress. (This being considered normal behavior by small girls and Boxers.) And there is much conservation about what she said to Martha and Martha said to her. And the jump rope business.

And as I depart, man's best friend comes to the door. He is weary and sorefooted from the morning rounds. And pays me no attention. Just gets on the couch to shed and go to sleep. And get ready for the next morning.

Beliefs Matter As Actions Follow Them—Dr. L. E. Watt

Beliefs do matter, Dr. Lloyd E. Watt told his congregation at Christ Methodist Church Sunday morning.

Beliefs matter, he said, because actions follow closely in line with those beliefs.

Dr. Watt

"What a person thinks and what he does are intricately connected," he said. "The oft-quoted falsity which says, 'It doesn't matter what you believe just so you live right,' must be dispelled once and for all, because if you don't believe right, you won't live right."

Dr. Watt said that one of the basic Christian beliefs is that man can be changed and lifted by the spirit of the living God.

"When we believe that the world can turn out all right, we work toward that end," he told his congregation. "Christians are certain that mankind can be converted into lovers of peace. That's why Christians work for such a world."

Dr. Watt said Christians support the mission program because they believe individuals can be redeemed. Actions, he said, always coincide with beliefs.

French Evacuation Of North Viet Nam Starts Wednesday

One Million Expected To Leave

HANOI, Indochina (AP)—The evacuation of up to one million civilians and fighting men from North Viet Nam will begin Wednesday—one day after the fighting is scheduled to stop, French officials said Sunday.

Jacques Compain, French civilian director general in North Viet Nam, said he has been assured of 800 plane seats for civilian evacuees the first day. He said they would include 300 French and 500 Vietnamese.

By the second week in August, Compain added, he expects the program to be increased to 5,000 daily. Approximately 4,000 of these would be evacuated by ship from Haiphong to Saigon, 700 miles to the south.

Hanoi Semicircle

Among the first scheduled to move out are the civilians and soldiers from areas west and south of Hanoi. By Aug. 11, all French Union forces west of a north-south line near Hanoi must be withdrawn into a semicircle 10 miles from Hanoi.

Vietnamese civilians in the area who want to be evacuated will be moved into villages inside the semicircle and remain there until moved to Saigon, either by air or via Haiphong. Soldiers guarding the civilians will follow into the semicircle.

The semicircle is the western end of a 20-mile wide evacuation corridor extending 65 miles east to Haiphong. French and Vietnamese military units will withdraw down that corridor in progressive stages, leap-frogging one another so always to present a defensive front facing the area just cleared.

80 Days

Evacuation of the Hanoi area must be completed within 80 days after the July 27 cease-fire. Twenty days later, the evacuation parade must have passed Hai Duong, midway between Hanoi and Haiphong.

The military units north and south of the escape corridor will draw into the corridor itself before the staged deadlines.

Once the military units reach Haiphong they can remain in that sector up to 300 days after the cease-fire, but most of the first units will move out almost immediately to Saigon by boat to make room for following units.

Averell Harriman Flips Hat Into NY Gubernatorial Race

NEW YORK, July 25 (AP)—Averell Harriman, former mutual security administrator, jumped into the gubernatorial race Sunday with the declaration he would be "proud to accept" the Democratic party nomination.

Harriman added that he does not intend to organize a campaign for the nomination, but would be content to await the choice of delegates at the party's state convention in September.

The former federal official made the announcement during an interview on the Citizens Union television program over WNBT.

The only other man who has formally made himself available for the nomination is Rep. Franklin D. Roosevelt Jr. (D-Lib-Ny), who has opened a campaign headquarters. Both Harriman and Roosevelt are on a list of 10 possible gubernatorial selections about whom State Democratic Chairman Richard H. Balch is now sounding popular sentiment via a postcard survey.

On the television program, Harriman said Thomas Cullen, Democratic leader of Orange County where he resides, is "outspoken for me."

"All factors would have to be considered by the delegates in September," Harriman said. "If they decide that they want me, I will be proud to accept and take my coat off and fight for the principles I believe in."

Asked about young Roosevelt's open campaign for the nomination under a committee's sponsorship, Harriman said, "That is a question of judgment and a question of method."

He stressed he and the late President's son have been and are "friends" of long standing but said no commitment concerning the fall election exists between them.

—Adlai Stevenson—

Default Of U.S. Policy Is Charged

'France Salvaged What She Could'

ANCHORAGE, Alaska (AP) — Adlai E. Stevenson charged Sunday "U.S. policy defaulted and France salvaged what she could" out of the Indochina settlement.

Stevenson, 1952 Democratic party presidential candidate, made his first public comments on the Indochina situation in a speech to Anchorage Democrats. Stevenson was vacationing last week at McKinley National Park while the Indochina cease-fire was being negotiated.

"Again the shooting has stopped but Communist China has staked out another menacing salient into free Asia and enveloped 13 million people and one of the richest rice growing areas in the Orient," Stevenson said.

'Sorry Sequel'

"This is the sorry sequel of all the foolish, boastful Republican talk about liberation of the enslaved nations, about unleashing Chiang Kai-shek, seizing the initiative, a new look in foreign policy, no more little wars as in Korea, and, finally, that threatening talk by the secretary of state and the vice president about massive atomic retaliation which scared our allies half to death, if not our enemies.

"All these bold words and ringing slogans of the past two years sound a little hollow now. The 'new look' collapsed at the first test. The administration was not prepared to fight, nor could it negotiate, because the right-wing Republicans have successfully identified negotiation with appeasement.

"Unable to fight, unable to negotiate, unable even to speak with a coherent tongue, U. S. policy defaulted and France salvaged what she could out of the endless, weary war in Indochina, and the Communists not only added valuable and strategic territory but threw the Western alliance into confusion and dissension, which is Russia's greatest goal and dearest dream."

'Original Sin French'

Stevenson said "the blame for this misfortune, the original sin . . . must be laid to France." He said he formed his opinion on an Indochina visit last year.

"It was clear to all with eyes to see that colonialism in Asia died with World War II," he declared.

"But the blame for the collapse of our policy in Asia remains our responsibility, and we shall fail again and again unless we profit from this experience."

Maj. Milton Hagelberger returned to the Nebraska Air National Guard Camp, Casper, Wyo., after returning to Ontario, Calif., to pick up the crewmen that serviced his entry in the National Air Guard jet race.

Maj. Hagelberger was forced to withdraw from Saturday's race after refueling in Lincoln when he found that he was unable to pump fuel from one of his tanks because a cap was not securely placed on the tank.

After he withdrew from the race Maj. Hagelberger returned to Lincoln. Winner of the race was Lt. Charles J. Young of New Jersey who set a new record of 560.438 miles per hour for the 2,000 mile trip.

Hagelberger flew a F80 jet in the race. The winner, Young, polited an F86A. The race opened the International Aviation Exposition at the Wayne County Airport in Detroit.

'Unusual' Failure Blamed In Fire

A Nebraska Public Power System official said Sunday night that a "rather unusual" failure of a 4160 volt bus tie switch was the cause of the $75,000 fire at the 9th and K power plant.

Herbert Williamson, superintendent of NPPS, said that the switch which separates the transformer from a bus "arced across and went out, burning up the switch."

There was no charge on the tie at the time of the fire, Williamson said, but equipment below the tie which was charged, hampered firemen's efforts.

Firemen were forced to use only a chemical fighter at first, but later directed water on the blaze.

STRAIGHT KENTUCKY BOURBON • 6 YEARS OLD • 86 PROOF, ANCIENT AGE DISTILLING CO., FRANKFORT, KENTUCKY

All Is Not Tranquil

The nation's agricultural areas at week end once again voted for wheat marketing controls, choosing a regulated 1955 crop with price supports in preference to wide open production on a catch-as-catch can marketing basis.

But it was referendum full of lights and shadows. There was declining support for crop controls. The 1953 referendum endorsed controls by 87.2 per cent of the total vote. This subsequent referendum carried by only 71.8 per cent, according to present tabulations.

More significant, perhaps, was the sharp decline of voters. Forty per cent fewer farmers than in 1953 participated in this year's referendum.

By the character of the returns those farmers who did vote remained unswervingly loyal to a farm program as they have known it, differing with Agriculture Secretary Benson who would have things differently. If this year's smaller margin of endorsement of marketing controls is cited in Benson's behalf, it must be remembered that the terms of the 1955 control program are greatly more austere than a year ago. In 1953 the wheat grower knew that he was going to be supported at 90 per cent of parity. This year the support percentage has not yet been announced, but the indications are that it will be less than 90 per cent. There is also the condition of cross compliance which will permit nothing like the alternate crop opportunities of a year ago. This latest referendum also was conducted in an atmosphere of unusual political uncertainty. Farm measures are still before Congress and no one yet knows what is in store for agriculture.

But the sharp decline in voting is another matter. Why are so many farmers refraining from participation? one may ask. Is it that the program is becoming untenable for them? Has its conditions become so changed that an increasing number of farmers are finding it more advisable to get along the best way they can out of it? Certainly the absentee voters cannot be called converts to the Benson doctrine, else they would have gone to the polls and so expressed themselves.

These are presently deep and cloudy questions demanding time for their answer. But they spell out one impressive fact—all is not tranquil, all is not happy down on the farm.

The Warm Afterglow

With a bit of a lull even while the possibility persists that Mother Nature may be only restoking her midsummer kilns, the reader can glance across front pages of the state press in fuller appreciation of hot-weather comments and capers . . .

What is so rare as a day in June? intones Reed O'Hanlon in the Blair Pilot-Tribune. And what, he adds, so well-done as a day in July? . . . The Fairbury News calls it strictly hot-weather humor, and we are inclined to agree, when a citizen remarked on the splendid air-conditioning in the local bank, to be informed: "We have no air-conditioning unit in this bank—the place is cooled by the banker's heart." . . . Arch Jarrell, veteran Grand Island editor, perspired and pounded on the sticky typewriter keys, and came up with the tale of the old-timer who remembered a summer that was a summer. All the thermometers broke as of June 21 that year, so temperature readings the rest of the summer were merely guess-work. Not only could one fry an egg on the sidewalk—he could barbecue a hog. In fact, 11 of the porkers were cooked thusly right out in the field, and the grease started a prairie fire which burned up the animals and nearly the town as well. Another fellow drove a herd of cattle across the Platte River on the third of August and when he got 'em across, all he had was boiled beef . . . so says Mr. Jarrell . . .

Zela Loomis wondered in the Columbus Telegram what had become of the birds, and J. Hyde Sweet pointed out to him in the Nebraska City News-Press that one has merely to turn on the lawn sprinkler to bring them forth in swarms. Mr. Sweet suspects "the birds have more sense than we humans. When it gets too hot for any use, they hide out." . . . But there were two additional items belying intelligence or caution, at least, on the part of the feathered flitters . . . The Aurora fire department rushed to the Lee Foss farm to extinguish a fire in the barn caused apparently when *a bird picked up a lighted cigaret butt* and deposited it in the haymow . . . and an O'Neill sparrow caused a brief but spectacular break in the power network for the whole of northeast Nebraska with a piece of wire, a blade of wet grass or a wet stick dropped across a 69,000-volt high tension terminal on a main oil switch . . . A northeast Nebraska publication pointed out for what comfort was to be derived that 18 years ago it was much worse. June of 1936 had three days of reading over 100 degrees, compared with only two this year. In July then, there were 24 days over 100, 17 of them consecutive, with August offering 13 more days over 100 . . . As a comparative value between youth and age, the Neligh News complains editorially that somehow the ants, chiggers and mosquitoes seem to be so much worse now than they were 20 years ago . . . And then there is the DeWitt man who is going to start going to church, since if hades has "anything hotter than this, I don't want any part of it."

Of Men And Things

By J. E. LAWRENCE

PALOS VERDES, Calif. — Doane College will benefit substantially through the philanthropy of the late Sen. Hugh Butler, a devoted son of the institution where he spent his academic years. It was a typical display of concern for the future of Doane which lead Sen. Butler to leave his entire estate, aside from personal effects, to his alma mater. In addition to heavy duties in Washington, Sen. Butler found adequate time and strength to serve Doane as the head of its board of trustees for a considerable length of time.

★

Part Of American Way

One of the finest aspects of the system of capitalism which all too infrequently gets public attention is the philanthropic spirit which characterizes it. Men of substance who spend a lifetime accumulating wordly goods devote huge amounts of money to improve American standards. It would be unfortunate if current legislative concern in Washington with reference to established foundations should lead to restrictive legislation discouraging gifts of this character. All through this section of California the visitor is impressed constantly with the generosity shown by men and women of wealth. Nearby the huge Jolson Memorial is nearing completion. It will add a great deal to a section of the city where a famous entertainer sang and slap-sticked his way to fame. It would be impossible to *enumerate even in a small way the benefactions* which have enabled the people of Southern California to grow and to enjoy themselves and to add to the attractions which contribute to a rich tourist trade . . .

★

A brief news item revealed that the budget for the impending school year for the Los Angeles public schools will be 138 million dollars, an approximate 30 million less than the total appropriations for state government in Nebraska for the current biennium. But these schools serve more than two million people, or more than the entire population of Nebraska. That does not include, however, schools for suburban areas not within the corporate limits nor take into account many private institutions.

★

Emphasis On Secondary System

There is a very excellent reason for the emphasis out here on secondary colleges of which California possesses an exceptional number, all high grade. The University of California, Southern California, Stanford, and UCLA have all grown so large as to give added importance to smaller facilities for thousands of young men and women desiring to continue their training. The total educational bill here is little short of staggering but there seems to be no stopping. The demand for new physical plants, for additional campus facilities, for enlarged faculties, and for all of the items of cost which enter into education continues to mount. Naturally the eastern seaboard, by virtue of its age and the excellence of many of its older universities, will continue to occupy a prominent spot in American education. And the Midwest with its fine universities may be expected to hold its own in this fast pace for superior educational advantages. But the march continues westward. Fifty years hence the results of that march will be much more discernible than they are at the present time.

Noted in a press dispatch that an old-time friend, Sen. Jim Murray of Montana, 78 years young and going strong, had bested two rivals in the Democratic primary in that state . . . Murray holds one of the Senate's seats which the Republicans hope to capture in November but the course of events suggests he may be hard to beat . . . Noted that Gov. Phil Donnelly of Missouri has requested that the entire state of Missouri be classed as a disaster area as a result of the blistering heat that has tormented that state . . . Drought and heat are not new to Missouri . . . The southern half of the state felt the hot breath of Old Sol as early as in the summer of 1952 and it has been growing progressively worse . . . Reports of extensive damage in southern Illinois and Indiana are something new through that traditionally well-watered region . . . Net result of the torment of a large portion of the nation's bread-basket is to anticipate that Secretary Benson may be a little less persistent in pushing his announced farm program.

Beat By The Greedy

The sordid story of windfall profits under the old Defense Housing Act continues to add new chapters telling of lush and exorbitant profits taken by greedy operators who found they could do so because of a poorly written law. The nation is naturally indignant but it can do little because the evil was a moral rather than legal one.

About all the government can do is to tighten up the law and resolve to move in more closely in its watch over the public welfare, possibly adding a clause permitting a review of projects after they are complete with a right to rationlize the contracts where profits exceed a reasonable amount.

Cover-up In Texas Parrot Fever Cases

WASHINGTON — It has been carefully covered up, but a shocking scandal lies behind the outbreak of "parrot fever" in Texas. Inside story is that diseased turkeys, which caused the epidemic, have been dumped on the market, endangering those who handle them.

One 60,000-pound shipment, rejected by the Army, was later sold for civilian consumption. Public health authorities have traced other shipments all the way to Boston, Philadelphia and New Orleans. Though packed in ice, some of these turkeys were still found to be carrying live "parrot fever" virus—the same virus that has already caused one known death in Texas.

While they constitute no danger once cooked, they are a danger to those who pluck or dress them.

Meanwhile, when Dr. B. C. Pier, chief of poultry inspection in the Agriculture Department, complained of lax inspection methods he was promptly removed from duty.

On June 1, Pier wrote a confidential memo to his chief, W. D. Termohlen, director of the poultry division: "We feel that during the past year the efficiency of the poultry-inspection service has deteriorated markedly," he said. "This is evidenced by reports from canners and others who purchase inspected eviscerated poultry that it has not been properly prepared as ready-to-cook poultry. There is a widespread feeling in the inspection service that efforts to carry out a sound program will not receive backing if the industry objects. Many supervisors and inspectors have become extremely discouraged in their efforts. . ."

For his memo, Pier was summarily removed as inspection chief and replaced by Dr. Roy E. Willie, whose first act was to inform employees that he "wanted to be fair to the industry."

Pier was given a fancy but meaningless assignment in charge of state inspection programs. Since few states have inspection programs, this puts Pier in a spot where he cannot bother the industry.

Actually, the inspection of poultry is under both the Agriculture Department and the Food and Drug Administration of the Department of Health, Education and Welfare. Strictly speaking, the Agriculture Department is supposed to "grade" poultry. However, since the funds of the Food and Drug Administration have been cut so low by GOP Congressman Taber of New York and Busbey of Illinois that they can inspect factories only once every 12 years, agriculture inspects as well as grades.

Only 20 per cent of the nation's poultry plants are government-inspected, and the companies, not the government, pay inspectors' salaries. In return they get the benefit of the "U.S. government inspected" stamp; but since they pay the salaries, inspectors naturally lean toward those who foot the bill.

☆ ☆ ☆

As a result of these lax methods and lack of funds, official reports received at the Agriculture Department reveal the following unpleasant, unpalatable, but unescapable facts:

1. Diseased poultry, often covered with sores and swellings, are thrown indiscriminately on the market. The blemishes are simply cut off, and the diseased parts are often sold in fancy packages, offering ready-to-cook drumsticks, breasts and other featured parts.

2. The poultry companies that submit to inspection are constantly nagging the Agriculture Department to lower its standards. This industry pressure was what finally caused Chief Pier to complain that his poultry service had "deteriorated markedly." But instead of cracking down on the industry, the Agriculture Department cracked down on Pier.

PARROT FEVER HITS

The psittacosis or "parrot fever" epidemic struck Texas poultry plants in May, sweeping through the employees. More than 300 cases were reported, including one death. First hit were Corsicana Poultry of Corsicana, Producers Produce of Lampasas, Swift & Co. of Tyler, and Market Produce of Brady.

Veterinarians quickly traced the disease to sick turkeys. Most of the plants did not close down, but continued to ship turkeys to market from the sick flocks. This has been proved by public health authorities who have found Texas turkeys, packed in ice but still infected with psittacosis, 2,000 miles away in Boston and Philadelphia. Another shipment has been traced to New Orleans.

Here is one confidential report made by Field Inspector S. B. Donelson after checking on the Producers Produce plant at Lampasas, Tex.

"On or about May 4, 1954, a sick flock of turkeys was processed at the plant," Donelson informed Washington. "I started work there May 12, 1954, at which time some of the employees were ill. Others became ill within the next week or two, until 26 of the 65 employees were affected. There have been two relapses among the 26. The plant did not close due to this outbreak."

The Army, worried about the health of its G.I.s, rejected two carlots of turkeys from market produce of Brady, Tex. The plant then turned round, sold the same 60,000 pounds to civilian buyers. When queried by this column, a company spokesman admitted reselling the rejected turkeys but claimed the Army was being overcautious in turning them down.

This column will publish more about the way in which the Agriculture Department has bowed to the industry.

Secretary of the Interior Doug McKay is in something of a dither over the Republican national committeeman in the Virgin Islands. It seems that the committeeman, Roy Gordon, one of the most active Republicans in the islands, has got himself in trouble.

And Secretary McKay hasn't quite decided what to do about it.

After the war, the Navy turned over to the Interior Department considerable property in the form of a submarine base, port facilities, and an airport. The Interior Department, in turn, handed them over to the local municipal council, and Roy Gordon was appointed as general manager. Though a Republican, he served under Democrats and naturally has continued in office under the Republicans.

But the other day the Navy sent the Interior Department an accounting of its property, and when McKay's office dug into the matter, it was found that Gordon had made no audit of the Navy's property since it was received.

Following this, Gordon was suspended by local Virgin Islands officials—though allowed to continue drawing his $6,000 salary.

Learning of this, Secretary McKay joked: "I'd like to be suspended with full pay too."

French Worship Peace As Empire Slips Away

PARIS—Except for a brief interval after 1945 France for the past 15 years was engaged in one kind of war or another until the cease-fire at Geneva put an end to the conflict in Indo-China. In the light of this tragic record the extraordinary thing is not that France is in a difficult spot but that the basic structure of French life has survived with a remarkable degree of order and stability. Peace has at last broken out and that has, in itself, brought an enormous sense of relief. But most Frenchmen have so long cynically shrugged off indifferent and irresponsible governments that they cannot quite believe in anything else.

It is hard for the average Frenchman to realize that a politician is trying to talk straight from the shoulder, dwelling not on the past glories of France but on the harsh realities that must be faced up to if this nation is to survive as a power in the European community. Premier Mendes-France reporting to the packed national assembly on the Geneva negotiations possessed in his voice the tension of a prize fighter at the beginning of what he knows will be a long, hard contest. This premier looks like a boxer, a tough, wiry lightweight trained to a fine point, facing the most formidable adversary of his career.

☆ ☆ ☆

Undoubtedly his initial success, in ending the Indochinese war on terms at least relatively respectable, has won wide approval. It is in the sense of a burden at last lifted and with it the threat of a larger war that might engulf not only Asia but Europe.

This sense of relief may be illusory but the French and probably most Europeans are determined to enjoy the illusion. That may well be one of the chief reasons the Communist powers were willing to grant a cease-fire, believing that it would delude the West into relaxation and eventual disarmament with an end of the defensive alliance built up since 1950.

France with its pride in individualism is far from unanimous in approving the cease-fire. In the quiet of a neighborhood cafe this reporter saw one of those elderly Parisienne ladies, dressed in black silk taffeta and a hat of ancient vintage, reading with an expression on her face of sternness and sadness the royalist paper, "Rivarol," with its big headline: "This not Munich, this is Sedan."

It was at Sedan that the French were forced to sign the harsh surrender terms imposed by the Germans after their victory in the Franco-Prussian war of 1870. Sedan is one of those rankling memories that invokes patriotism and the deep suspicion of Germany which has contributed to the long delay in considering the European army treaty.

☆ ☆ ☆

For an older generation and for many not so old the "cruel terms"—so Mendes-France declared them to be—of the Indo-China peace are another bitter defeat. It is the end of France as an empire and a world power, shattering the long dream of the grandeur and glory of the past.

The politicians of the right will not be slow to exploit this disillusion. In fact, they've already begun to do so and in the further struggle just ahead they will invoke the bitterness of those who feel that somehow France could have escaped this humiliation.

Realism is a novelty in the game of politics. But perhaps after dwelling for so long in the never-never land of wishful thinking with the trappings of the past always on display the French will recognize the virtues of a man who offers them nothing but the stern truth.

BILL DOBLER At City Hall

Salt Creek Problem 'Stagnates'

It has been just about one year now since the city and sanitary district started thinking seriously of the sanitary sewer problems in Lincoln. They are still thinking.

Bill Doebler

The thoughts have gotten no more serious and no further than they were last summer when over loaded sewers were being by-passed into Salt Creek at several places along the west side of town. If anybody in private business ever ran up a record like that, they would be "busted" in no time flat.

But while the two governmental subdivisions have failed to make any progress whatsoever, the problem of overloaded sewers has moved right along, getting bigger and bigger every day. Each new house that is built and each year's increase in population adds to the problem.

As the problem grows, Salt Creek becomes more and more a breeding grounds for flies and other harmful insects. The stream also becomes more polluted to the destruction of what little recreational opportunity it offered and to the annoyance and inconvenience of those people living or doing business near the creek.

☆ ☆ ☆

And not only the west side of Lincoln is affected by the problem. Sewers in other parts of town, particularly through and around University Place, are taxed to their capacity right now. There is no creek to use for a bypass in this area so the only thing that can happen is the back-up of sewers in the area into homes.

Perhaps this will have to happen before the city and district get together on a plan of action. If the two groups need taxpayers breathing down their necks before they can get something done, they haven't long to wait.

Numerous meetings have been held between the two subdivisions but nothing has been done. At times the meetings have even resulted in steps backward.

Whose fault this is, is pretty hard to say. While the elected office-holders on both sides might be splitting hairs over which engineers are going to prepare a plan for sewer improvements, the city and district engineers are for some reason shirking their duty.

Months ago, these engineers were instructed to bring in their recommendations for action. This was never done and a subcommittee was later appointed to find out the cost of a study and plan for the sewer system.

Once again, the city and district engineers failed to set up any standards by which an accurate estimate of cost could be obtained. When instructed at the last meeting to prepare a set of specifications on which proposals could be received from outside engineers, the city and district engineer stated flatly they could not do this.

☆ ☆ ☆

According to Walter B. Coale, district engineer, the preparation of such specifications would mean the preparation of the plan the two groups are attempting to buy. This, he maintains, would call for more study and work than either engineering department has the time or man-power for.

There is just about as much "hogwash" in that stand as there is floating down Salt Creek right now. If the engineers have the time to sit through meeting after meeting without accomplishing anything, it would seem they could find time to set down a list of things they wanted in the way of a study and plans.

It is way past time for the engineers and other officials concerned to stop beating around the bush and get down to the facts. There is a job to do and it can't be accomplished by debating what can or cannot be done and who is goinng to do it.

The district constructed a $700,000 disposal plant without any delay or unnecessary disruptions and the city has successfully constructed many costly sanitary sewer lines. Yet it has now taken both groups combined more than a year to settle an issue involving less than $10,000.

There is the distinct possibility that with the coming fiscal year's appropriation, the city will clean up for the first time in years all requests for street lights. At the beginning of this current year there were 60 requests for lights on record.

As of now, that number has been cut to 47 with a number of new requests made during the year. A total of 55 street lights have been installed this year at a cost of about $12,000.

In the previous year, only 25 new lights were installed, so progress is being made. Figuring an average cost of $225 per light, an appropriation of about $1,000 for new light installations this coming year would clean up the backlog. How many new requests will be made during the year is not known but the street light situation looks better now than it has for years.

One Alarm Wife

There just is not room in one bedroom for two alarm clocks—not when the bedroom is ours and the tender of the clocks is my wife.

Mrs. F.'s running feud with alarm clocks has kept our house in an early morning uproar for many years, but she has at last over-matched herself. She bought a new alarm clock—the littlest one I have ever seen. It is too little to be easily found by someone who gets out of bed in the morning with both eyes closed and goes hunting for it to silence the bell.

"It is so tiny," Mrs. F. explained when she brought it home, "that maybe by the time I find it, I'll be awake enough not to smash it, or pile things on top of it. And it's a lot prettier than the old one."

☆ ☆ ☆

About that last statement, there could be no argument. Our old alarm clock has not come through its battles with Mrs. F. without scars. The glass is broken, one leg is askew, the hands are gnarled from much twisting, and it has more dents than a new fender. The thing is, it runs. Other clocks have come, been conquered, and gone, but this one goes on forever.

"I don't trust an alarm clock this size," I told Mrs. F., surveying the new one. "Suppose we use 'em both the first morning. We can set the little one to go off five minutes ahead of the old one. Then, if it doesn't work, or isn't loud enough, we'll still wake up."

What I forgot, and Mrs. F. did not foresee, was that she does not remember clearly nor think logically when she is sleepy. The little clock worked perfectly. It sounded off, loud and clear, in the darkness before dawn. Mrs. F. swung nobly out of bed, hands waving in front of her, eyes squeezed tight shut.

She smashed down the button on the old clock.

The ringing went on. She turned the old clock upside down and pounded its top on the dresser. Still the sound of a clock's alarm rocketed against the walls. Mrs. F. sat on the old clock. The noise went on.

Throughout the years, Mrs. F. has developed one strong philosophy where alarm clocks are concerned. If you cannot keep them still any other way, bury them. She reverted to this simple measure now. With her eyes still closed, she stumbled back to the bed. She fumbled sleepily with the covers, and buried the clock.

Trouble was, she buried it under me. An alarm clock, even when it is not ringing, is not a comfortable thing to have wedged under your third rib. I squirmed. Mrs. F. paid no attention. She was getting desperate. The sound was still loud and brassy in the room. She piled three rugs, two pillows and a hat box on top of me, knowing the old clock to be under there somewhere. She had a dachshund poised, ready to add to the heap, when I rebelled.

I got up, even at the risk of setting a bad precedent, and shut off the little alarm clock.

Mrs. F. stumbled downstairs to make coffee, serene in the belief that she had, once again, conquered a clock. Her eyes were still closed.

Senator For Crosby

Sargent, Neb.

To the editor of The Lincoln Star: One of the most desirable qualities to be found in a public official is his devotion to his oath. To embrace the oath administered at the time of taking office requires a man of integrity and personal motives above reproach. Bob Crosby has proved to be such a man and has met the responsibilities of his office squarely and fairly. No public official should be denied support because he has enforced the laws.

Defeat At Geneva

Los Angeles, Calif.

To the editor of The Lincoln Star: The stunning defeat of the free world at Geneva resulted, in no small measure, from the truce in Korea and the Dulles-Nixon "new look" diplomacy.

The Korean truce, arranged to fulfill the Eisenhower campaign promises, enabled the Reds to transfer their heavy artillery to Indo-China and demolish the French strongholds there.

The "instant and massive retaliation" bluff and bluster impressed no one but the Truman-Acheson critics. Manifestly, it failed to impress the Reds.

It brings to mind nothing so much as the "gun-waving tenderfoot" on the old frontier where the motto of those who survived was " don't draw unless you intend to shoot."

The mounds in the "boot-hill" cemeteries are sufficient reminders of what happened to the gun-wavers.

Prepare To Vote

Lincoln, Neb.

To the editor of The Lincoln Star: The parade of governmental candidates, county state and national, now passes in review. Perhaps they are not the ultimate in civilian brains and finance, but at any rate they are willing to perpetuate our elective systems of government. We inherited from Nebraska pioneers the right to elect our public officials. We should preserve that important privilege.

By custom and tradition in Nebraska, campaigning candidates are rightfully subjected to public scrutiny. The electorate is entitled to know the truth, the whole truth and nothing but the truth.

Ponder well the inevitable fact that those candidates, men and women who receive constituency approval will be the officials with whom you must work and live in the near future.

Has Chapel Wedding

MRS. EDWIN C. BOEHMER JR.

The chapel of Westminister Presbyterian Church was lighted by white candles burning in branched candelabra. and appointed with spreading arrangements of white and pink gladioli, pompon chrysanthemums and Majestic daisies, for the marriage of Miss Marilyn Nichols Hemberger. daughter of Mr. and Mrs. Maynard L. Nichols of St. Louis, Mo., formerly of Lincoln, and Edwin C. Boehmer Jr., son of Mrs. Edwin C. Boehmer, on Saturday afternoon, July 24. In the presence of the members of the immediate families, the Rev. Calvin H. Ukena read the lines of the 4 o'clock service.

A prelude of organ music was presented by Miss Josephine Waddell who also played the wedding music and accompanied Mr. Boehmer, father of the bridegroom, as he sang "I Love You Truly", "Ich Liebe Dich", and "The Lord's Prayer".

The matron of honor and bride's only attendant was Mrs. Ray Boehmer who wore a waltz-length ensemble in rose silk organza. Fashioned with a tucked bodice and wide skirt, her costume was completed by a nosegay of gladioli florets and daisies in matching tone.

Crisp taffeta in the ice blue shade was chosen by the bride for her wedding gown. The fully-shirred, strapless basque was covered by a short-sleeved jacket of the taffeta, and beneath the fitted midriff, the circular skirt flared into danseuse length. Her flowered cap in matching blue was dotted with rhinestones and trimmed with a brow veil of blue illusion, and she carried a crescent bouquet of gardenias and white feathered carnations.

Serving Mr. Boehmer as best man was Hoyt M. Yowell, Jr., and seating the guests were Edward J. Fogerty and Roger L. Nichols.

A wedding dinner for the members of the bridal party and family was held at Colonial Cup immediately following the ceremony, after which the couple left for a honeymoon trip to Allens Park, Colo.

The bride is a graduate of St. Cloud, Minn., State Teachers College, and Mr. Boehmer is a former student at the University of Nebraska.

Mr. and Mrs. Boehmer will make their home in Lincoln.

LINCOLN friends of Hutton Webster, a native of this city and a Pulitzer Prize winning artist, were pleased and surprised to find him being interviewed *Thursday* on the national telecast of "Welcome Travelers" from Chicago. Mr. Webster, who is in the Midwest from his home in Tucson, Ariz., where he lives with his wife and two sons, has a one man show in Chicago.

During his interview, Mr. Webster told how he met his wife and was surprised later in the program to find they had flown her into the city from Arizona, without forewarning their famous guest of honor.

Also on the telecast, a few samples of Mr. Webster's work were shown and he pointed out particularly one of his prized and most admired pieces of work, the portrait of Eleanor Roehl, daughter of "two of his closest friends from Lincoln, Mr. and Mrs. Frank Roehl."

Ceremony In Deshler

MRS. VERLYN BOHLING

The altar and chancel of Peace Lutheran Church at Deshler were decorated with candles burning in seven-branched candelabra and arrangements of garden flowers for the wedding of Miss Gladys Schardt of Lincoln, daughter of Mr. and Mrs. Fred Schardt of Deshler, and Verlyn Bohling of Lincoln, son of Mr. and Mrs. Richard Bohling of Davenport, which was solemnized Sunday evening, July 25. The Rev. R. H. Riensche and the Rev. Wayne Bohling read the lines of the 7:30 o'clock double ring ceremony, and Marvin Engel, organist, played the wedding music.

Miss Wilma Schardt of Greeley, Colo., attended her sister as maid of honor and wore a frock of blue lace and net over taffeta. The strapless bodice was covered by a shrug jacket and the full skirt was in the floor length. Wearing identical frocks in pastel pink and yellow were the bridesmatrons, Mrs. Erwin Kniep, sister of the bride, of Byron, and Mrs. Robert Walsh, sister of the bridegroom, of Detroit, Mich. They wore frock-toned bandeaux of net and carried colonial bouquets of carnations, the honor attendants in pink and white and the matrons' in blue and white. Miss Jean Holm of Sutton, and Miss Laurella Doles of Deshler, lighted the tapers and were frocked in pastel green and lavender net and lace designed identically to the other attendants' costumes. Linda Walsh was the flower girl and Marlo Jo Kirchhoff was the ring bearer.

The bride, given in marriage by her father, chose a gown of white imported Chantilly lace over satin. The fitted bodice featured a deep V neckline edged with appliques of lace encrusted with iridescent sequins and seed pearls. The design was repeated at the hipline and the full skirt was gathered softly at the waistline and extended into a chapel train. Her double elbow-length veil of imported silk illusion was held by a half hat of lace and she carried a crescent of white feathered carnations centered with an orchid.

Marvin Muehling, uncle of the bridegroom, of Eureka, Calif., was the best man and seating the guests were Egbert Schardt, brother of the bride of Byron, James Bohling, brother of the bridegroom, of Davenport, Arza Jay Snyder of Davenport and Edward Schneider of Lincoln.

Has Afternoon Ceremony

MRS. GENE H. WENZEL

At a 4 o'clock ceremony solemnized Sunday afternoon, July 25, at the First Methodist Church, Miss Carol Nagler, daughter of Mr. and Mrs. P. L. Nagler, became the bride of Gene H. Wenzel, son of Mr. and Mrs. F. C. Wenzel. Fan-shaped arrangements of white and pink gladioli and woodwardia appointed the chancel for the service, which was read by the Rev. Virgil Anderson, minister of Warren Methodist Church.

As the members of the family and a small group of guests assembled, Jack Rhoden sang, "I Believe," and "The Lord's Prayer." He was accompanied by Mrs. Clifford Holmes, organist, who also played the wedding music.

Wearing identical frocks of petal pink dotted Swiss fashioned with snug basques and full, waltz-length skirts were Miss Janet Woodcock, as the maid of honor, and Miss Norma Nagler, who attended her sister as bridesmaid. They carried colonial nosegays of white and pink daisies. Miss Janey Peterson, as the flower girl, wore a hoop-skirted frock of pink net over taffeta.

For her wedding, the bride chose a gown of embroidered tulle over taffeta in the bluish pink tone. The strapless bodice was veiled by a bolero jacket of the patterned tulle, and long tulle mitts completed the cap sleeves. Caught into fullness, the skirt ended in a slight train, and her illusion veil was held by a halo frill of the tulle. She carried a cascade of white roses.

Serving his brother as best man was Marion Wenzel, and the ushers were Orion May and Garry Gustafson. Tommy May was the ringbearer.

A reception for 50 guests was held in the church parlors following the ceremony.

Upon their return from a wedding trip, Mr. and Mrs Wenzel will make their home in Lincoln.

French Evacuation Of North Viet Nam Starts Wednesday

One Million Expected To Leave

HANOI, Indochina (AP)—The evacuation of up to one million civilians and fighting men from North Viet Nam will begin Wednesday—one day after the fighting is scheduled to stop, French officials said Sunday.

Jacques Compain, French civilian director general in North Viet Nam, said he has been assured of 800 plane seats for civilian evacuees the first day. He said they would include 300 French and 500 Vietnamese.

By the second week in August, Compain added, he expects the program to be increased to 5,000 daily. Approximately 4,000 of these would be evacuated by ship from Haiphong to Saigon, 700 miles to the south.

Hanoi Semicircle

Among the first scheduled to move out are the civilians and soldiers from areas west and south of Hanoi. By Aug. 11, all French Union forces west of a north-south line near Hanoi must be withdrawn into a semicircle 10 miles from Hanoi.

Vietnamese civilians in the area who want to be evacuated will be moved into villages inside the semicircle and remain there until moved to Saigon, either by air or via Haiphong. Soldiers guarding the civilians will follow into the semicircle.

The semicircle is the western end of a 20-mile wide evacuation corridor extending 65 miles east to Haiphong. French and Vietnamese military units will withdraw down that corridor in progressive stages, leap-frogging one another so always to present a defensive front facing the area just cleared.

80 Days

Evacuation of the Hanoi area must be completed within 80 days after the July 27 cease-fire. Twenty days later, the evacuation parade must have passed Hai Duong, midway between Hanoi and Haiphong.

The military units north and south of the escape corridor will draw into the corridor itself before the staged deadlines.

Once the military units reach Haiphong they can remain in that sector up to 300 days after the cease-fire, but most of the first units will move out almost immediately to Saigon by boat to make room for following units.

Averell Harriman Flips Hat Into NY Gubernatorial Race

NEW YORK, July 25 (AP)—Averell Harriman, former mutual security administrator, jumped into the gubernatorial race Sunday with the declaration he would be "proud to accept" the Democratic party nomination.

Harriman added that he does not intend to organize a campaign for the nomination, but would be content to await the choice of delegates at the party's state convention in September.

The former federal official made the announcement during an interview on the Citizens Union television program over WNBT.

The only other man who has formally made himself available for the nomination is Rep. Franklin D. Roosevelt Jr. (D-Lib-Ny), who has opened a campaign headquarters. Both Harriman and Roosevelt are on a list of 10 possible gubernatorial selections about whom State Democratic Chairman Richard H. Balch is now sounding popular sentiment via a postcard survey.

On the television program, Harriman said Thomas Cullen, Democratic leader of Orange County where he resides, is "outspoken for me."

"All factors would have to be considered by the delegates in September," Harriman said. "If they decide that they want me, I will be proud to accept and take my coat off and fight for the principles I believe in."

Asked about young Roosevelt's open campaign for the nomination under a committee's sponsorship, Harriman said, "That is a question of judgment and a question of method."

He stressed he and the late President's son have been and are "friends" of long standing but said no commitment concerning the fall election exists between them.

Default Of U.S. Policy Is Charged

'France Salvaged What She Could'

ANCHORAGE, Alaska (AP) — Adlai E. Stevenson charged Sunday "U.S. policy defaulted and France salvaged what she could" out of the Indochina settlement.

Stevenson, 1952 Democratic party presidential candidate, made his first public comments on the Indochina situation in a speech to Anchorage Democrats. Stevenson was vacationing last week at McKinley National Park while the Indochina cease-fire was being negotiated.

"Again the shooting has stopped but Communist China has staked out another menacing salient into free Asia and enveloped 13 million people and one of the richest rice growing areas in the Orient," Stevenson said.

'Sorry Sequel'

"This is the sorry sequel of all the foolish, boastful Republican talk about liberation of the enslaved nations, about unleashing Chiang Kai-shek, seizing the initiative, a new look in foreign policy, no more little wars as in Korea, and, finally, that threatening talk by the secretary of state and the vice president about massive atomic retaliation which scared our allies half to death, if not our enemies.

"All these bold words and ringing slogans of the past two years sound a little hollow now. The 'new look' collapsed at the first test. The administration was not prepared to fight, nor could it negotiate, because the right-wing Republicans have successfully identified negotiation with appeasement.

"Unable to fight, unable to negotiate, unable even to speak with a coherent tongue, U. S. policy defaulted and France salvaged what she could out of the endless, weary war in Indochina, and the Communists not only added valuable and strategic territory but threw the Western alliance into confusion and dissension, which is Russia's greatest goal and dearest dream."

'Original Sin French'

Stevenson said "the blame for this misfortune, the original sin . . . must be laid to France." He said he formed his opinion on an Indochina visit last year.

"It was clear to all with eyes to see that colonialism in Asia died with World War II," he declared.

"But the blame for the collapse of our policy in Asia remains our responsibility, and we shall fail again and again unless we profit from this experience."

After he withdrew from the race Maj. Hagelberger returned to Lincoln. Winner of the race was Lt. Charles J. Young of New Jersey who set a new record of 560.438 miles per hour for the 2,000 mile trip.

Hagelberger flew a F80 jet in the race. The winner, Young, polited an F86A. The race opened the International Aviation Exposition at the Wayne County Airport in Detroit.

'Unusual' Failure Blamed In Fire

A Nebraska Public Power System official said Sunday night that a "rather unusual" failure of a 4160 volt bus tie switch was the cause of the $75,000 fire at the 9th and K power plant.

Herbert Williamson, superintendent of NPPS, said that the switch which separates the transformer from a bus "arced across and went out, burning up the switch."

There was no charge on the tie at the time of the fire, Williamson said, but equipment below the tie which was charged, hampered firemen's efforts.

Firemen were forced to use only a chemical fighter at first, but later directed water on the blaze.

Missouri Provides Water For Corn

This eight-inch centrifugal pump pulls water out of the Missouri River to irrigate the John Beaver farm 10 miles northeast of Tekamah. Beaver's operation marks the first time in Burt County that river irrigation has been successful. **(Photo Special to The Star from the Tekamah Plaindealer).**

WILD MISSOURI WATERS CORN

Lincoln Star Special

TEKAMAH, Neb. — John Beaver, who farms 10 miles northeast of here, has scored a notable first in Burt County. He is using water from the rambunctious Missouri River to irrigate a 51-acre field of corn.

The experiment has been tried before with unsuccessful results. However, Beaver's land is described as ideal for such irrigation because of proper soil texture and drainage slope.

The water is pulled from the river by an eight-inch centrifugal pump which placed on the lower bank. The pump takes the water through an intake pipe located about 20 feet out in the water and from a depth of 10 feet.

Water is then forced over the river bank into two lateral ditches along the north and east sides of the corn field. Water is siphoned from the laterals to corn rows. Openings in the laterals are made for water down the longer rows.

The pump is being run at about 1,500 gallons per minute. The pump has a capacity of 2,500 gallons per minute but the ditches won't hold the flow.

Beaver plans later to flood irrigate 30 acres of alfalfa.

Other farmers pump irrigating from wells in the Burt County area include Victor Jeep Jr., Harry Newell, Francis Tobin, and James Goll Sr.

Dawes Harvesting Near Completion

Lincoln Star Special

CHADRON, Neb.—Harvesting along the Deadhorse in Dawes County is almost finished.

Some fields of oats are still too green to be cut, and scattered fields of wheat and barley remain standing. The yields vary greatly, the variation due to whether or not there was enough moisture to start the growth last fall. Where the wheat started last fall the yields were good, averaging from 30 to 40 bushels per acre. Where the growth was uneven, with some starting late this spring, some of the best wheat was found. The yields were lowered because the spring growth had nothing in the heads. Spots in these fields made up to 50 bushels per acre, while the average yields were from 15 to 25 bushels.

Fields infested heavily with mosaic surprised the harvesters by yielding around 15 bushels per acre. The quality of the wheat ranged from 57 to 63 pounds according to reports. The early rains produced a heavy and tall straw in most fields. There was red rust in about all fields, cutting yields somewhat.

CONSUMERS PUBLIC POWER DISTRICT

WASHINGTON (AP)—A Midwest Democratic farm conference next month to take stock of what he called "the negative Eisenhower-Benson program for the future, was announced by Democratic National Chairman Stephen A. Mitchell.

Adlai E. Stevenson, titular head of the party, will speak at an evening banquet during the conference, which was set for Aug. 28 at Sioux Falls, S. D., in the middle of the farm belt.

This will be the third campaign-planning session to be held by the Democrats in the next two months. The others are:

1. A two-day National Committee meeting Sept. 17-18 at Indianapolis with Stevenson the main speaker at a $100 a plate fund-raising dinner on the closing night. Former President Truman will attend if his doctors permit. There will be a series of panel discussions of campaign issues.

2. A smaller meeting, at Kansas City, Mo., around Aug. 6, of National party leaders, including Stevenson, Truman and Mitchell, to discuss strategy and financing.

Mitchell's call for the Midwest farm conference went to members of the National committee, state chairmen and vice chairmen, farm leaders, members of Congress and Democratic candidates for Congress from the following 14 states:

Montana, Wyoming, Colorado, Kansas, Nebraska, North and South Dakota, Minnesota, Iowa, Missouri, Wisconsin, Illinois, Michigan and Indiana.

Democratic Governors Williams of Michigan and Donnelly of Missouri also were invited.

"It is time," Mitchell said in a statement," that we take stock of the negative Eisenhower-Benson program for the future, as well as assess the great damage already done to the strong farm program which farmers built for more than 20 years, always with Democratic help.

"Few groups, if any," he added, "have ever been the victims of so many broken campaign promises as have been the farmers in the past two years. The Midwest farm conference will highlight the famous promises made by Gen. Eisenhower during the 1952 campaign, showing how, when and where each was broken —and how many times.

"The farmers' parity ratio between what farmers sell and what they have to buy has fallen to 88 per cent, the lowest point since March of 1941. But the Eisenhower administration has offered only one solution to their falling prices and income—still lower prices. This is a threat not only to farmers but to the entire economy—which cannot prosper if our agricultural regions are in a deepening depression."

SE FRUIT YIELD SLIM

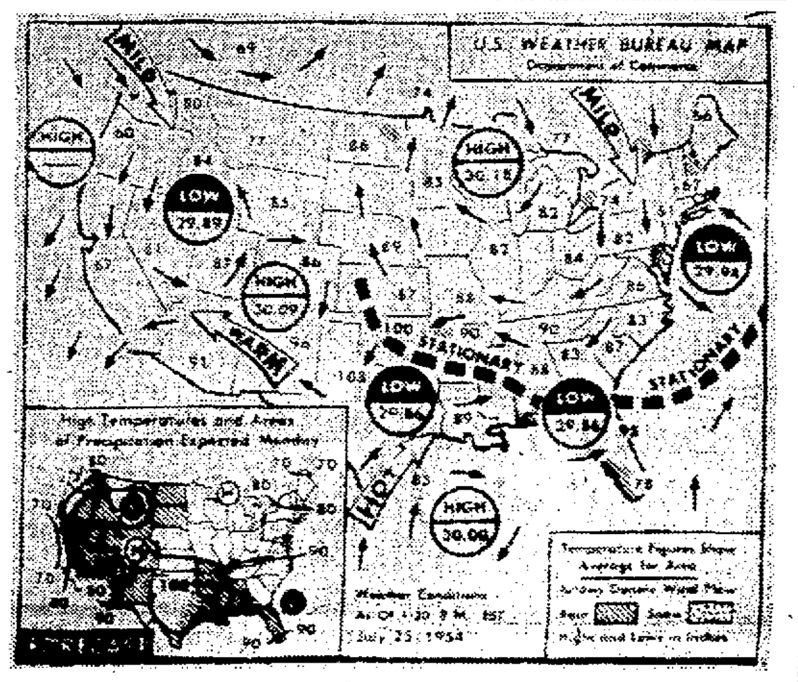
Lincoln Star Special

STELLA, Neb.—Apricots and peach trees are yielding a very scanty harvest of fruit in this area.

They bloomed abundantly at the usual spring time this season, then a spell of cold weather damaged the trees and today there are only a few apricots to be found on the trees. A few peaches are ripening, but they, too, are very few. One horticulturist said the late cold spell so weakened the stems that they were unable to hold the apricots and peaches as they grew larger. The weakened stems caused the fruit to fall.

The apricot and peach trees in southeast Nebraska have continued to dwindle steadily in number since the Armistice Day storm in 1940. The storm caused wide damage to apple trees as well in this part of the state. The peach trees in the area have died off to such an extent in the last fourteen years, that there are only a few such orchards remaining around here.

This year, the apricots and peaches were already falling heavily before the July hot weather arrived.



Scattered Showers Due

Fair weather will prevail Monday along the Atlantic coast with possibility of a few showers and thunderstorms. Widely scattered afternoon showers are due in northern plains, Rocky Mountain and Gulf states and in southern Mississippi valley. Little change in temperature is anticipated except for a cooler trend in northern Rockies. **(AP Wirephoto Map.)**

LINCOLN friends of Hutton Webster, a native of this city and a Pulitzer Prize winning artist, were pleased and surprised to find him being interviewed Thursday on the national telecast of "Welcome Travelers" from Chicago. Mr. Webster, who is in the Midwest from his home in Tucson, Ariz., where he lives with his wife and two sons, has a one man show in Chicago.

During his interview, Mr. Webster told how he met his wife and was surprised later in the program to find they had flown her into the city from Arizona, without forewarning their famous guest of honor.

Also on the telecast, a few samples of Mr. Webster's work were shown and he pointed out particularly one of his prized and most admired pieces of work, the portrait of Eleanor Roehl, daughter of "two of his closest friends from Lincoln, Mr. and Mrs. Frank Roehl."

Has Chapel Wedding

MRS. EDWIN C. BOEHMER JR.

The chapel of Westminister Presbyterian Church was lighted by white candles burning in branched candelabra, and appointed with spreading arrangements of white and pink gladioli, pompon chrysanthemums and Majestic daisies, for the marriage of Miss Marilyn Nichols Hemberger, daughter of Mr. and Mrs. Maynard L. Nichols of St. Louis, Mo., formerly of Lincoln, and Edwin C. Boehmer Jr., son of Mrs. Edwin C. Boehmer, on Saturday afternoon, July 24. In the presence of the members of the immediate families, the Rev. Calvin H. Ukena read the lines of the 4 o'clock service.

A prelude of organ music was presented by Miss Josephine Waddell who also played the wedding music and accompanied Mr. Boehmer, father of the bridegroom, as he sang "I Love You Truly", "Ich Liebe Dich", and "The Lord's Prayer".

The matron of honor and bride's only attendant was Mrs. Ray Boehmer who wore a waltz-length ensemble in rose silk organza. Fashioned with a tucked bodice and wide skirt, her costume was completed by a nosegay of gladioli florets and daisies in matching tone.

Crisp taffeta in the ice blue shade was chosen by the bride for her wedding gown. The fully-shirred, strapless basque was covered by a short-sleeved jacket of the taffeta, and beneath the fitted midriff, the circular skirt flared into danseuse length. Her flowered cap in matching blue was dotted with rhinestones and trimmed with a brow veil of blue illusion, and she carried a crescent bouquet of gardenias and white feathered carnations.

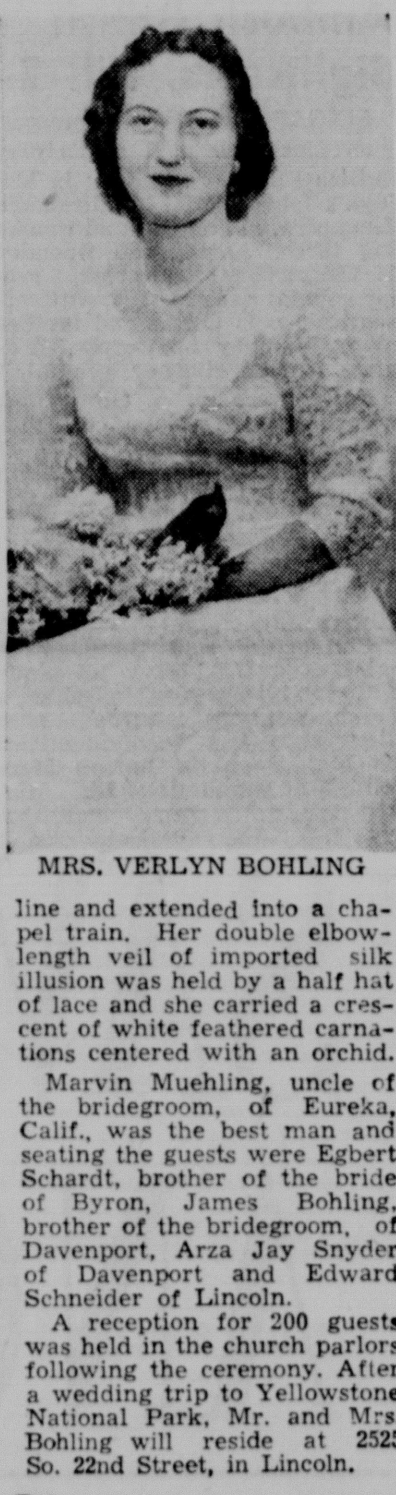
Serving Mr. Boehmer as best man was Hoyt M. Yowell, Jr., and seating the guests were Edward J. Fogerty and Roger L. Nichols.

A wedding dinner for the members of the bridal party and family was held at Colonial Cup immediately following the ceremony, after which the couple left for a honeymoon trip to Allens Park, Colo.

The bride is a graduate of St. Cloud, Minn., State Teachers College, and Mr. Boehmer is a former student at the University of Nebraska.

Mr. and Mrs. Boehmer will make their home in Lincoln.

Ceremony In Deshler



MRS. VERLYN BOHLING

The altar and chancel of Peace Lutheran Church at Deshler were decorated with candles burning in seven-branched candelabra and arrangements of garden flowers for the wedding of Miss Gladys Schardt of Lincoln, daughter of Mr. and Mrs. Fred Schardt of Deshler, and Verlyn Bohling of Lincoln, son of Mr. and Mrs. Richard Bohling of Davenport, which was solemnized Sunday evening, July 25. The Rev. R. H. Riensche and the Rev. Wayne Bohling read the lines of the 7:30 o'clock double ring ceremony, and Marvin Engel, organist, played the wedding music.

Miss Wilma Schardt of Greeley, Colo., attended her sister as maid of honor and wore a frock of blue lace and net over taffeta. The strapless bodice was covered by a shrug jacket and the full skirt was in the floor length. Wearing identical frocks in pastel pink and yellow were the bridesmatrons, Mrs. Erwin Kniep, sister of the bride, of Byron, and Mrs. Robert Walsh, sister of the bridegroom, of Detroit, Mich. They wore frock-toned bandeaux of net and carried colonial bouquets of carnations, the honor attendants in pink and white and the matrons' in blue and white. Miss Jean Holm of Sutton, and Miss Laurella Doles of Deshler, lighted the tapers and were frocked in pastel green and lavender net and lace designed identically to the other attendants' costumes. Linda Walsh was the flower girl and Marlo Jo Kirchhoff was the ring bearer.

The bride, given in marriage by her father, chose a gown of white imported Chantilly lace over satin. The fitted bodice featured a deep V neckline edged with appliques of lace encrusted with iridescent sequins and seed pearls. The design was repeated at the hipline and the full skirt was gathered softly at the waistline and extended into a chapel train. Her double elbow-length veil of imported silk illusion was held by a half hat of lace and she carried a crescent of white feathered carnations centered with an orchid.

Marvin Muehling, uncle of the bridegroom, of Eureka, Calif., was the best man and seating the guests were Egbert Schardt, brother of the bride of Byron, James Bohling, brother of the bridegroom, of Davenport, Arza Jay Snyder of Davenport and Edward Schneider of Lincoln.

A reception for 200 guests was held in the church parlors following the ceremony. After a wedding trip to Yellowstone National Park, Mr. and Mrs. Bohling will reside at 2525 So. 22nd Street, in Lincoln.

Crow's Feet? *How To Check Them!*

Smooth Them Into Glamorous Accents For Your Smile

"Crow's-Feet," heretofore presumed to be an outrageous trick of Nature, may be the result of neglect. It is assumed that the most common cause of these youth-stealing lines is skin dryness, for when dryness is even partially overcome, "crow's-feet" become less noticeable and a more youthful look blooms in the face. By the new and simple process of properly handling dry skin (described below) the younger woman can help herself to iron out her "crow's-feet" and make them, in fact, glamorous accents for her smile. The older woman, too, by reducing her skin dryness, can soften the appearance of her "crow's-feet," thereby defeating her age to a pleasing extent.

Understand Your "Crow's-Feet" and Dry Skin Then You Can Help Them

Skin dryness is caused, obviously, by an insufficiency of natural lubricants. And Nature has a hard time making enough of these essential lubricants to keep up with the rate at which dry atmosphere, improper cleansing and exposure take them away from your skin. "Crow's-Feet" then deepen and deepen. So you must ask these questions: How can I correct this deficiency so as to make sure that my skin will have enough of these vital substances? How can I help it to overcome its dryness? How can I help it to become more normally supple, soft and smooth, so my "crow's-feet" will show less than they do now? These questions have always been difficult to answer, until the discovery of Lanolin Plus *Liquid*, but now, because of Lanolin Plus *Liquid*, millions of women have younger-looking skins than they had prior to their use of it.

Why Lanolin Plus LIQUID Does Such Wonders for Your Skin

Lanolin Plus *Liquid*, is not just lanolin. Instead, it is lanolin with a plus—a wonderful plus with a rich content of cholesterols, esters and other lubricants, joined by a patented process with other ingredients to give an unusual penetrating action. Consequently, Lanolin Plus *Liquid* is able to supply your skin with more than enough lubricants, including cholesterols and esters, to make up for those lost to improper cleansing, dry atmosphere and exposure. Only $1.00 plus tax at all cosmetic counters.

GIVE YOURSELF THIS HOME FACIAL TONIGHT—See a Difference Next Morning

1. Hold a hot washcloth to your face—particularly around your eyes—for a few seconds to open the pores. *Notice how refreshed and relaxed your face feels.*

2. Warm your bottle of Lanolin Plus *Liquid* under the hot water tap. Gently massage Lanolin Plus *Liquid* into your face and around your eyes until your skin begins to tingle. After a few minutes, wipe your face petal fresh and find it smoother.

3. Massage a few more drops of Lanolin Plus *Liquid* into your skin with emphasis around your eyes before retiring. Its gentle, penetrating action will work while you sleep . . . and you'll awaken next morning to find a new softness and elasticity, "crow's-feet" beginning to fade.

There is no question about it. Lanolin Plus *Liquid* will do wonders for *YOUR* skin. In fact, you could spend $1,000 and not get more beauty benefit than you get from a $1* bottle of Lanolin Plus *Liquid*. Get started tonight. Give yourself a Lanolin Plus Home facial. Check your "crow's-feet" NOW! SEE and FEEL the difference tomorrow morning. YOU WILL! (*Plus tax)

Demo Meet To Score 'Negative' Farm Program; Adlai Is Speaker

Missouri Provides Water For Corn

This eight-inch centrifugal pump pulls water out of the Missouri River to irrigate the John Beaver farm 10 miles northeast of Tekamah. Beaver's operation marks the first time in Burt County that river irrigation has been successful. **(Photo Special to The Star from the Tekamah Plaindealer).**

WILD MISSOURI WATERS CORN

Lincoln Star Special

TEKAMAH, Neb. — John Beaver, who farms 10 miles northeast of here, has scored a notable first in Burt County. He is using water from the rambunctious Missouri River to irrigate a 51-acre field of corn.

The experiment has been tried before with unsuccessful results. However, Beaver's land is described as ideal for such irrigation because of proper soil texture and drainage slope.

The water is pulled from the river by an eight-inch centrifugal pump which placed on the lower bank. The pump takes the water through an intake pipe located about 20 feet out in the water and from a depth of 10 feet.

Water is then forced over the river bank into two lateral ditches along the north and east sides of the corn field. Water is siphoned from the laterals to corn rows. Openings in the laterals are made for water down the longer rows.

The pump is being run at about 1,500 gallons per minute. The pump has a capacity of 2,500 gallons per minute but the ditches won't hold the flow.

Beaver plans later to flood irrigate 30 acres of alfalfa.

Other farmers pump irrigating from wells in the Burt County area include Victor Jeep Jr., Harry Newell, Francis Tobin, and James Goll Sr.

Dawes Harvesting Near Completion

Lincoln Star Special

CHADRON, Neb. — Harvesting along the Deadhorse in Dawes County is almost finished.

Some fields of oats are still too green to be cut, and scattered fields of wheat and barley remain standing. The yields vary greatly, the variation due to whether or not there was enough moisture to start the growth last fall. Where the wheat started last fall the yields were good, averaging from 30 to 40 bushels per acre. Where the growth was uneven, with some starting late this spring, some of the best wheat was found. The yields were lowered because the spring growth had nothing in the heads. Spots in these fields made up to 50 bushels per acre, while the average yields were from 15 to 25 bushels.

Fields infested heavily with mosaic surprised the harvesters by yielding around 15 bushels per acre. The quality of the wheat ranged from 57 to 63 pounds according to reports. The early rains produced a heavy and tall straw in most fields. There was red rust in about all fields, cutting yields somewhat.

District 15, in line with a petition request from residents of the area, was annexetd to District 3 which lies to the north of them. District 75 was annexed to District 12, the Dwight School District.

WASHINGTON (AP)—A Midwest Democratic farm conference next month to take stock of what he called "the negative Eisenhower-Benson program for the future, was announced by Democratic National Chairman Stephen A. Mitchell.

Adlai E. Stevenson, titular head of the party, will speak at an evening banquet during the conference, which was set for Aug. 28 at Sioux Falls, S. D., in the middle of the farm belt.

This will be the third campaign-planning session to be held by the Democrats in the next two months. The others are:

1. A two-day National Committee meeting Sept. 17-18 at Indianapolis with Stevenson the main speaker at a $100 a plate fund-raising dinner on the closing night. Former President Truman will attend if his doctors permit. There will be a series of panel discussions of campaign issues.

2. A smaller meeting, at Kansas City, Mo., around Aug. 6, of National party leaders, including Stevenson, Truman and Mitchell, to discuss strategy and financing.

Mitchell's call for the Midwest farm conference went to members of the National committee, state chairmen and vice chairmen, farm leaders, members of Congress and Democratic candidates for Congress from the following 14 states: **Montana, Wyoming, Colorado, Kansas, Nebraska, North and South Dakota, Minnesota, Iowa, Missouri, Wisconsin, Illinois, Michigan and Indiana.**

Democratic Governors Williams of Michigan and Donnelly of Missouri also were invited.

"It is time," Mitchell said in a statement," that we take stock of the negative Eisenhower-Benson program for the future, as well as assess the great damage already done to the strong farm program which farmers built for more than 20 years, always with Democratic help.

"Few groups, if any," he added, "have ever been the victims of so many broken campaign promises as have been the farmers in the past two years. The Midwest farm conference will highlight the famous promises made by Gen. Eisenhower during the 1952 campaign, showing how, when and where each was broken—and how many times.

"The farmers' parity ratio between what farmers sell and what they have to buy has fallen to 88 per cent, the lowest point since March of 1941. But the Eisenhower administration has offered only one solution to their falling prices and income—still lower prices. This is a threat not only to farmers but to the entire economy—which cannot prosper if our agricultural regions are in a deepening depression."

SE FRUIT YIELD SLIM

Lincoln Star Special

STELLA, Neb.—Apricots and peach trees are yielding a very scanty harvest of fruit in this area.

They bloomed abundantly at the usual spring time this season, then a spell of cold weather damaged the trees and today there are only a few apricots to be found on the trees. A few peaches are ripening, but they, too, are very few. One horticulturist said the late cold spell so weakened the stems that they were unable to hold the apricots and peaches as they grew larger. The weakened stems caused the fruit to fall.

The apricot and peach trees in southeast Nebraska have continued to dwindle steadily in number since the Armistice Day storm in 1940. The storm caused wide damage to apple trees as well in this part of the state. The peach trees in the area have died off to such an extent in the last fourteen years, that there are only a few such orchards remaining around here.

This year, the apricots and peaches were already falling heavily before the July hot weather arrived.

CHAMPIONS WIN IN 11TH, 4-3

Omaha's Fraser Grabs State Men's Golf Title

OMAHA (AP)—Robert Fraser of Omaha Sunday won his third Nebraska Men's Golf Championship in a convincing fashion, beating Don Bell of Plattsmouth, 6-5 in the 36 hole finals.

Fraser previously annexed titles in 1941 and 1946.

BOB FRASER

The veteran was master all the way. He was four under par for the necessary 31 holes.

Fraser ripped the front nine apart on his trips around, scoring a three under par 33 each time at Omaha's Happy Hollow course. He finished the morning 18 1-up with a one-under par 70.

He let a short putt go astray in the afternoon on No. 19 and Bell evened the match with a birdie. Thereafter, Bell, a newcomer to state meets, didn't have his head above water.

Fraser deluged Bell with par-birdie-par wins on the Nos. 3, 4 and 5, increasing it to 4 up at the end of 27. He won No. 28 with a 5-up edge and closed it with a par win on No. 31.

Perhaps his best hole of the day was the eighth in the afternoon.

There, Fraser scored an Eagle three.

He whipped a drive about 300 yards. He then figured the shortest distance between his ball and the green was a No. 4 iron—which he hit as straight as the hands on your watch at 6 o'clock. That left a 15-foot putt, which he barrelled in for an eagle three.

Among other outstanding Fraser shots were a tricky 16-foot sidehill putt for a birdie on No. 5 and an outstanding recovery on No. 31, which left a four-foot putt for a par after his tee shot strayed far to the left.

Contrary to Fraser, who played from tee to green as if the golf ball had eyes, Bell had a variety of trouble, some of it unfortunate.

For example on the fourth hole in the afternoon, his drive missed the left side of the fairway just a few feet and stopped in a sandtrap.

Fraser was the third golfer in history to win as many as three titles. Only Sam Reynolds, with seven, and Rod Bliss Jr., with six, have won more than the Omahan.

Ed Krawczyk and Glenn Brawner won titles in the other flights.

Krawczyk, and Omaha publisher, defeated Dr. Bob Golonka, former Creighton University football standout, 5-4, in the 18-hole finals.

Brawner, Nebraska City left hander, defeated Ira Crouch of Omaha, 1 up, in the 18-hole senior-flight title match.

The cards in the championship round:

Optimists Rally For 9-2 Win

Lincoln Star Special

HASTINGS—The Lincoln Optimists, stopped without a hit through six innings by righthander Bob Larkin of Falls City, exploded for seven hits and four runs and went on to defeat the southeast Nebraska team 9-2 in the opening game of the area Junior Legion tournament here Sunday night.

Lincoln knocked Larkin out of the box and scored once in the eighth and four times in the ninth while Dick Hergenrader controlled Falls City with a good fast ball and an effective curve.

Three times in the early inning centerfielder Tim Zinn of Falls City went deep to catch long drives by Yogi Hergenrader, Roger Krhounek and Ron Newbill.

But in the seventh Yogi Hergenrader drove a triple to the left field corner and Catcher Ron Bayless doubled him home to tie the score. Jon Lutz, George Neill and Hergenrader singled, Krhounek doubled, Cliff Hardesty walked and Newbill doubled as Larkin collapsed.

Five walks, one of the two errors of the game and Larry Littrell's single built the Lincoln score in the ninth.

Hergenrader was quick through the early innings and was in little trouble. He tired late in the game and relied on a curve to stop the Falls City batters.

Lincoln will play Hastings tonight in the double-elimination tourney.

Hastings crushed Fairbury with six runs in the second and won, 10-2.

Hastings and Lincoln will meet at 8:30 tonight following a 6:30 game between Falls City and Fairbury.

Argentina Rocca, the acrobatic marvel from South America, fears foul play during the Fairgrounds wrestle match in front of the Fairgrounds outdoor grandstand Friday night.

Rocca meets Art Neilson, the television villain, in the main event of Promoter Adam Krieger's summer card.

In other matches, Reggie Lisowski goes against Larry Hamilton and Harry Lewis faces Mike DiBiase.

Rocca is afraid that Lisowski, a teammate of Neilson's in many tag matches, might come to the aid of his old buddy.

"For that reason, I want a definite understanding on the rules and assurance that Lisowski will stay in the dressing room during my match with Neilson," Rocca wrote Krieger.

DENVER (AP)—Denver ripped Lincoln with an 18-hit barrage, including five doubles and a home run, to beat the Chiefs, 19-9, in the second game of a doubleheader Sunday and run its win streak to six straight.

The Bears swept the opener, 9-4.

Bob Garber, Bear hurler in the nightcap, gave up five Lincoln runs and the game was tied at 5-all when Denver unleashed a 7-run rally in the fifth.

The Bears turned the contest into a farce in the eighth with another 7-run outburst.

Pidge Browne, with four hits in five trips to the plate, scored twice and drove in two more runs to lead the Denver attack.

The Chiefs routed Bill Lathorpe in the first game of their double-header with five hits, including a double by Ted Laguna, to push three runs across in the first inning.

That brought on Churn in relief. Helped by Bobby Prescott's three run homer in the fifth, Churn shackled Lincoln with only one tally the rest of the way.

The Denver hurler helped his own cause in the sixth, when he doubled home two runs.

Snead Ousted In PGA Play By Fiery Tempered Tom Bolt

By WILL GRIMSLEY

ST. PAUL, Minn. (AP) — Stormy Tommy Bolt, cracking one club and threatening a walkout, harnessed his fiery temper Sunday to upset favorite Sam Snead in a bitter 39-hole battle in the quarterfinals of the PGA golf championship.

The jut-jawed Texan, two down with four to play, collared the three-time champion on the 34th hole and went on to beat him on the third extra hole when Snead smothered an approach shot for a bogey 6.

Earlier in the day, Bolt had broken a club shaft in two after missing a shot on the 18th and had stormed into the dressing room charging unfriendliness on the part of the galleries.

Threatened To Quit

He threatened not to go out for the afternoon round but finally was persuaded to continue the match by cool-headed friends.

Bolt was joined in the semifinals by defending champion Walter Burkemo of Franklin, Mich., battling tenaciously to hold his crown; Dr. Cary Middlecoff, 1949 U. S. Open champion, and Chick Harbert, the prematurely graying slugger from Northville, Mich., a two-time runner-up.

The blonde, snub-nosed Burkemo, looking and playing like an aroused middleweight fighter, cut the Latin heart out of Argentina's popular spectacle putting to win easily 5 and 4.

Mayfield Out

Middlecoff won over 30-year-old Shelley Mayfield of Chicopee, Mass., in a match of strangely reversing fortunes, 3 and 1, while the long-hitting Harbert was carried to the 36th and final hole by Jerry Barber, a weak, near-sighted Californian who was once advised he was too small to tackle the tough pro circuit. Harbert's margin was 1-up.

In the 36-hole semifinals, starting at 10 a.m. CST today over the Keller public course, Bolt meets Harbert and Burkemo again lays his crown on the line against the always formidable Middlecoff.

Snead, at the peak of his game, looked like a sure winner until the breaks and the "jeebies" started piling against him on the fading holes of the long, hot day.

Two holes ahead, he three-putted the 33rd, leaving his second putt hanging on the lip, and then on the 420-yard 34th, missed his first green of the day to take a costly bogey 5.

Major League Meeting Will Start Today

NEW YORK (AP)— Winter baseball and the problems arising from major league players' participation in the Caribbean leagues will be reviewed today at the annual mid-summer meetings of the major leagues.

The American and National leagues meet separately at 8:30 a. m. CST at the Commodore Hotel with a joint meeting to follow.

Officials of the Caribbean leagues huddled with Commissioner Ford Frick and George Trautman, president of the National Assn. of Minor Leagues over the weekend, trying to outline their position.

The player representatives, who met in Cleveland at All-Star Game time, want the right to deal directly with the Caribbean clubs instead of through their own clubs. Under the rules that prevailed last winter, major leaguers were not permitted to play more than 60 games in the Caribbean leagues who limited themselves to three established major leaguers for each team.

Unorthodox Shots

SYRACUSE, N.Y. (AP)—Two golfers sliced $6 off their expenses at the Green Lakes Park course with some unorthodox iron shots.

Park Patrolman Lawrence Davis said Sunday Claude Benedict and Thomas Davis would receive that amount for killing a fox, thought to be rabid, that was chasing their golf balls.

Caddies Looking Ahead To Tam Go

CHICAGO (INS) — Caddies who serve the star golfers at the Tam O'Shanter Tournaments looked forward Sunday to substantial windfalls, in addition to their reguar earnings.

Pro golfers will split $205,000 in prize money at the George S. May program which runs from Aug. 5 through Aug. 15—and some of it will find its way into the pockets of the caddies.

Winners of the so-called "World Championship" tourney at Tam and the All-American competition have been known to top their club carriers as much as $800. Gratuities of several hundred dollars are common among successful contestants.

This is not surprising when it is realizted that the winner of this year's World Championship will receive $50,000.

Tam Caddy Master Fred Seibel has a merit system in operation at the course which rates the boys according to their reliability and efficiency.

Tam's top caddy is Bob Stanek, an 18-year-old recent high school graduate. Bob started lugging bags at 14—the minimum age for the job at Tam

As top caddy, he can take first pick of the golfer he will serve.

Stanek also is eligible for one of the five Chick Evans college scholarships awarded annually by Tam.

Carey's Bases-Loaded Single Salvages Final Series Tilt

NEW YORK (AP)— Andy Carey singled with the bases loaded and the score tied in the 11th inning Sunday for a 4-3 New York Yankee victory that slashed Cleveland's American League lead to 1½ games after the Indians had taken the first two games of the important series.

Manager Al Lopez threw four pitchers into the fray as the Yanks surged in the 11th and finally pulled it out with Carey's single past Bobby Avila in short center. The Tribe infield, naturally, was pulled in for a play at the plate.

A walk to Mickey Mantle started the Yank rally. After Ray Narleski retired Yogi Berra, Lopez called for lefty Don Mossi to face left-handed hitting Irv Noren, who singled off Mossi's glove.

Houtteman Next

Mossi, who pitched 6 2-3 innings Saturday, then walked Gene Woodling to load the bases, prompting Lopez to switch to righthander Art Houttteman.

Carey smashed Houtteman's first pitch past Avila, scoring Mantle with the big run that gave rookie Bob Grim his 11th victory for a scoreless four-inning relief job.

Despite the victory, the Yanks lost ground during their long home stand. They were only a half-game back at the All-Star Game break, but now head West with an uphill climb. The Indians go home for a home stand while the Yanks swing into Chicago for another big series starting Tuesday.

BEATRICE—Ron Fogler, a professional golfer from Junction City, Kan., won the Beatrice Open Sunday after young Chuck Jensen blew up on the 23rd hole of medal play on his home course.

Fogler shot the 27th holes in 108, three over par for the 35-35-70 Country Club course.

Jensen was two strokes behind Fogler after 18 holes, but he canned two pars and two birdies and was tied going to the 23rd. He blew for a triple bogie and finished in a three way tie for third while Fogler continued his steady golf and won the title.

Fairbury's Dick Anderson took second with 111. The veteran Byron Adams of Fairbury shot a 113 and won the third place playoff against Herb Weston of Beatrice and Jensen, a University of Nebraska senior who works at the Country Club.

Fred Price of Beatrice won the first flight with 75. Nelson Jensen Jr. of Pawnee City and Snick Poling of Beatrice trailed. Lincoln's Jack Tobin won the second flight with an 82. Primo Ceschin of Omaha and Joe Weaver of Lincoln tied for second while Chick Zimmerman of Beatrice took third.

White Sox Win Twice

BOSTON (AP) — Converted first baseman Jack Harshman clicked off 16 strikeouts—two short of the modern major league record—in pitching Chicago to a 5-2 victory over Boston in the first game Sunday, then his White Sox teammates beat jinxman Ellis Kiner 4-2 for a doubleheader sweep.

Lefthander Harshman, whose deceiving sliders and curve balls had 13 strike out victims swinging at space and three more looking at the third one, retired the last 13 men in order. Bob Feller of Cleveland holds the mark of 18 strikeouts set Oct. 2, 1938, against Detroit.

Three Hurlers

Although the White Sox used three pitchers, saw their manager, Paul Richards, ejected for the seventh time this year and were outhit 8-11, they won the second game too. It was only the seventh lifetime loss to Chicago for Kinder who has defeated the visitors 20 times.

The crowd of 26,068 saw Chicago go ahead with two runs in the sixth on a pair of singles, a double and a walk and clinch it with Chico Carrasquel's ninth homer of the season in the seventh.

The twin victories put Chicago six games behind league-leading Cleveland which dropped a 4-3 decision to New York.

Spec Shea Is 11 To 8 Winner

WASHINGTON (AP)— Frank (Spec) Shea finally won his first game of the season Sunday, coasting to an 11-3 victory over Detroit as his Washington teammates ran their winning streak to six, socking four Tiger pitchers for 13 hits.

The Senators were never headed after they knocked out Ted Gray with a three-run outburst in the first inning. The Tigers narrowed the margin to 2-3 before Washington hitters unloaded a late-inning assault on the Tiger relievers.

Jerry Snyder and Tom Umphlett the Senators' attack as Shea went the Senators' atatck as Shea went the distance for the first time this year. He scattered eight hits and was in trouble infrequently.

The Senators' victory, achieved before 6,183 fans, stretched the club's fourth-place margin over the Tigers to two full games.

Gray wound up the loser, making his season's mark 1-4. Still bothered by a sore arm, Gray was far too wild for his own good, coming in with groove pitches that enabled Eddie Yost, Mickey Vernon and Umphlett to rap him for singles before he left after two-thirds of an inning.

Crow's Feet? *How To Check Them!*

Smooth Them Into Glamorous Accents For Your Smile

"Crow's-Feet," heretofore presumed to be an outrageous trick of Nature, may be the result of neglect. It is assumed that the most common cause of these youth-stealing lines is skin dryness, for when dryness is even partially overcome, "crow's-feet" become less noticeable and a more youthful look blooms in the face. By the new and simple process of properly handling dry skin (described below) the younger woman can help herself to iron out her "crow's-feet" and make them, in fact, glamorous accents for her smile. The older woman, too, by reducing her skin dryness, can soften the appearance of her "crow's-feet," thereby defeating her age to a pleasing extent.

Understand Your "Crow's-Feet" and Dry Skin Then You Can Help Them

Skin dryness is caused, obviously, by an insufficiency of natural lubricants. And Nature has a hard time making enough of these essential lubricants to keep up with the rate at which dry atmosphere, improper cleansing and exposure take them away from your skin. "Crow's-Feet" then deepen and deepen. So you must ask these questions: How can I correct this deficiency so as to make sure that my skin will have enough of these vital substances? How can I help it to overcome its dryness? How can I help it to become more normally supple, soft and smooth, so my "crow's-feet" will show less than they do now? These questions have always been difficult to answer, until the discovery of Lanolin Plus *Liquid*, but now, because of Lanolin Plus *Liquid*, millions of women have younger-looking skins than they had prior to their use of it.

Why Lanolin Plus LIQUID Does Such Wonders for Your Skin

Lanolin Plus *Liquid*, is not just lanolin. Instead, it is lanolin with a plus—a wonderful plus with a rich content of cholesterols, esters and other lubricants, joined by a patented process with other ingredients to give an unusual penetrating action. Consequently, Lanolin Plus *Liquid* is able to supply your skin with more than enough lubricants, including cholesterols and esters, to make up for those lost to improper cleansing, dry atmosphere and exposure. Only $1.00 plus tax at all cosmetic counters.

3. Massage a few more drops of Lanolin Plus *Liquid* into your skin with emphasis around your eyes before retiring. Its gentle, penetrating action will work while you sleep . . . and you'll awaken next morning to find a new softness and elasticity, "crow's-feet" beginning to fade.

There is no question about it. Lanolin Plus *Liquid* will do wonders for *YOUR* skin. In fact, you could spend $1,000 and not get more beauty benefit than you get from a $1* bottle of Lanolin Plus *Liquid*. Get started tonight. Give yourself a Lanolin Plus Home facial. Pafko Hero As Braves Edge Giants By 7 To 5

By CHRIS EDMONDS

MILWAUKEE (AP)— Andy Pafko drove in three runs with his 11th homer and a bases-loaded single Sunday as the Milwaukee Braves came from behind for the third straight day to beat league-leading New York 7-5 for a sweep of the series before 44,279 fans.

The defeat, fourth in a row for the Giants and their longest losing streak of the year, cut their lead over second-place Brooklyn to four games and left the Braves in third place, 11½ games out.

Dave Jolly, last of three Milwaukee pitchers, was the winner as he set the Giants down with one run and four hits in six innings of relief. Ruben Gomez, third of four New York hurlers, was the loser on Pafko's line single to left with the bases full in the seventh.

Labine Hurls Dodgers' Win

ST. LOUIS (AP)— Clem Labine, making his second start of the season, allowed the Cardinals just six hits Sunday but because of ninth-inning wildness, needed help from Jim Hughes to save a 2-1 victory for the Brooklyn Dodgers, over St. Louis and its star hurler, Harvey Haddix.

Manager Walt Alston picked the 28-year-old righthander because Preacher Roe needed more rest for his injured leg. The choice was good. Until the ninth the Redbirds had just four hits and threatened only once—in the fourth on successive singles by Wally Moon and Red Schoendienst. That threat was nipped by Gil Hodges who grabbed Stan Musial's grounder, stepped on first and fired the ball to Roy Campanella who tagged Moon at the plate.

The Redbirds again had two hits off Labine in the ninth, singles by Ray Jablonski and Schoendienst, producing the only St. Louis run. When Labine walked Musial and Joe Cunningham in order, Alston called for Hughes who struck out Rip Repulski to end the game.

Don Hoak scored both Brooklyn runs. He walked in the third, took third on a single by Pee Wee Reese and scored as Duke Snider singled to right.

In the seventh, Hoak opened with a double. A single by Reese sent Hoak to third from where he scored on Hodges' sacrifice fly.

Reds, Pirates Divide Two

CINCINNATI (AP) — The last-place Pittsburgh Pirates and the ambitious Cincinnati Redlegs split a doubleheader Sunday, the Pirates taking the first game 4-2 behind the six-hit pitching of Paul LaPalme and the Reds winning the second 3-2. Pitcher Howie Judson broke up the 1-1 tie in the nightcap with a two-run single.

Judson got into a jam in the eighth inning, loading the bases on two singles and a walk. Frank Smith was called in to preserve the righthander's fifth victory in eight decisions.

Howie's game-winning single came in the seventh inning off Bob Friend, whose record dropped to 4-9.

Friend and LaPalme had combined to shut out the Reds for 13 straight innings. Ted Kluszewski homered in the first inning of the day with one aboard and the Reds could not tally again until the sixth inning of the nightcap. Then they put together a trio of singles. The Pirates scored in the sixth on Bob Skinner's single, a walk, a sacrifice and a ground out.

Cubs Take Two From Phillies

CHICAGO (AP) — Bob Talbot's single off Herman Wehmeier in the ninth inning scored Gene Baker with the winning run Sunday as the Chicago Cubs defeated Philadelphia 2-1 in the second game of a doubleheader after the Cubs captured the first 6-1 behind Paul Minner's four-hit pitching.

The sweep gave the Cubs their 11th win in the past 15 games.

Victim of the Chicagoan's belated spurt was Bob Greenwood, rookie righthander, who had a two hit 1-0 shutout going into the ninth for his first major league victory.

Frankie Baumboltz opened the last round with a single, and Baker walked. After twice failing to sacrifice, Dee Fondy smashed a double over Richie Ashburn's head to score Baumboltz with the tying run.

Greenwood was replaced by Wehmeier, who purposely passed Randy Jackson to fill the bases. Ralph Kiner was retired on a liner to Granny Hamner. Then Talbot, who entered the game in the eighth as a pinch runner for Hank Sauer connected to saddle the Phillies with their fourth loss in the five-game set.

Although Gene Baker got three of Chicago's 12 hits in the opener, one of them his No. 11 homer, Kiner supplied the long-distance fireworks.

After smacking his 15th homer, the first in 72 times at bat, Kiner unloaded a two-run triple as Steve Ridzik, first of three Philadelphia pitchers, suffered his fourth setback.

Unterseher Junior Boys Tennis King

Lincoln's Neil Unterseher continued his domination of Omaha's Russ Schlotzhauer as he won the Junior Boys State Singles championship Sunday afternoon at the Lincoln Tennis Club courts at 38th and South.

Unterseher, 14, defeated the state high school tennis champion in straight sets, 6-0, 6-1, to add the Junior title to the Boys championship which he won Saturday.

Unterseher, a high school freshman come September, had conquered the 6-2 Omaha Creighton Prep student by 6-4, 4-6, 6-1 in the Junior Boys finals last year.

Sunday Unterseher achieved victory with a balanced game which found Schlotzhauer unable to control short lobs across the net.

In the morning Unterseher had eliminated Jim Hautzinger of Omaha, 6-3, 6-4. Schlotzhauer had defeated Omaha's Don Fisher, 6-4, 6-0.

Fisher and Hautzinger won the Junior Boys Doubles title against Schlotzhauer and John Ringwalt of Omaha, 6-4, 8-6.

Competition in the state tournament will be continued Saturday and Sunday and will be completed the following weekend.

Junior mixed doubles are scheduled for next Saturday morning.

Hole In One Sparks City Golf Play

By BILL FITZGERALD
Star Sports Staff Member

Bob Farrell, an Elgin employee, who is playing golf this summer after eight years away from the fairways, rented a driver at Park Valley Sunday afternoon and rolled his ball into the cup on the 300-yard No. 4 hole for the first hole-in-one of his golfing life.

A golfer who competes in the Elgin League and one who usually plays twice each week, Farrell said he saw the ball strike about 35 yards from the green, roll toward the cup and disappear.

Partners Don Gross and Dan Maupin were unable to find his ball and decided it had bounded into the rough beyond the green. Maupin went to the flag to pull the pin and found Farrell's ball in the hole.

Ross Holway was low at Park Valley with a 32. Bob Sherman shot a 36, Casey Jones 37 and Betty Jones 53.

Ten-year-old Bob Shields, grandson of the Park Valley manager, holed out from 75 yards out on No. 1.

Week end leaders among 532 players at Pioneers were Joe Gifford Sr. 74, Leo Ostermiller 75, Joe Stefkovich 76, Dick Thoene 77, Phil Hanlon 79 and Casey Jones 84.

Mrs. Otto Hanson and Bill Jennings won the low gross honor in mixed Scotch foursomes with 44. Mrs. Ray Vermaas and Bill Roesler had a 45.

Group leaders were Mrs. R. G. Olds-Dick Spomer 49, Mrs Ken Logan-Bob Glatz 52, Mrs. Harold Frappia-Otto Hanson 55, Mrs. C. E. Squire-Harold Frappia 47 and Mrs. Bob Brittin-Ed Schumacher 53.

Mack's Transport won the first Lincoln Elks League pennant Sunday afternoon at Muny Field on a decisive 14-2 victory over Globe Laundry on the final day of the season.

Kent Brigg, 18-year old University of Nebraska student, threw a four hitter for the champions who lost their only game of the pennant race last Sunday to Lawlor's Sporting Goods and needed this triumph to clinch the title.

Lawlor's dropped a 9-7 game to Anderson Hardware Sunday. The two teams tied for second place while Globe finished in the cellar.

A post-season tournament will be conducted next Sunday and Monday at Sherman Field. All teams will participate.

Mack's scored twice in the first inning, twice in the third and seven times in the fourth to blow apart the crucial game Sunday.

Jim Walter's single and two errors gave the champions their first two runs. Singles by Bill Stevens and Jim Maul started the third inning scoring. Nine base hits in the fourth shattered the Globe pitching staff and assured Mack's of the game and the title.

Catcher Roland Wroblinski tripled and singled in the big fourth. Shortstop Jim Maul hit three singles and stole two bases to lead the kings.

Andersons scored seven times in the second inning and righthander Rudy Stoehr survived on the mound despite effective Lawlor hitting in the last four innings.

Bert Schriner's homer into deep centerfield with one on in the sixth was the biggest blow for the Hardware club.

Four Pitchers Fail To Stop Yanks

CHAMPIONS WIN IN 11TH, 4-3

Omaha's Fraser Grabs State Men's Golf Title

OMAHA (AP)—Robert Fraser of Omaha Sunday won his third Nebraska Men's Golf Championship in a convincing fashion, beating Don Bell of Plattsmouth, 6-5 in the 36 hole finals.

Fraser previously annexed titles in 1941 and 1946.

BOB FRASER

The veteran was master all the way. He was four under par for the necessary 31 holes.

Fraser ripped the front nine apart on his trips around, scoring a three under par 33 each time at Omaha's Happy Hollow course. He finished the morning 18 1-up with a one-under par 70.

He let a short putt go astray in the afternoon on No. 19 and Bell evened the match with a birdie. Thereafter, Bell, a newcomer to state meets, didn't have his head above water.

Fraser deluged Bell with par-birdie-par wins on the Nos. 3, 4 and 5, increasing it to 4 up at the end of 27. He won No. 28 with a 5-up edge and closed it with a par win on No. 31.

Perhaps his best hole of the day was the eighth in the afternoon.

There, Fraser scored an Eagle three.

He whipped a drive about 300 yards. He then figured the shortest distance between his ball and the green was a No. 4 iron—which he hit as straight as the hands on your watch at 6 o'clock. That left a 15-foot putt, which he barrelled in for an eagle three.

Among other outstanding Fraser shots were a tricky 16-foot sidehill putt for a birdie on No. 5 and an outstanding recovery on No. 31, which left a four-foot putt for a par after his tee shot strayed far to the left.

Contrary to Fraser, who played from tee to green as if the golf ball had eyes, Bell had a variety of trouble, some of it unfortunate.

For example on the fourth hole in the afternoon, his drive missed the left side of the fairway just a few feet and stopped in a sandtrap.

Fraser was the third golfer in history to win as many as three titles. Only Sam Reynolds, with seven, and Rod Bliss Jr., with six, have won more than the Omahan.

Ed Krawczyk and Glenn Brawner won titles in the other flights.

Krawczyk, and Omaha publisher, defeated Dr. Bob Golonka, former Creighton University football standout, 5-4, in the 18-hole finals.

Brawner, Nebraska City left hander, defeated Ira Crouch of Omaha, 1 up, in the 18-hole senior-flight title match.

Optimists Rally For 9-2 Win

Lincoln Star Special

HASTINGS—The Lincoln Optimists, stopped without a hit through six innings by right-hander Bob Larkin of Falls City, exploded for seven hits and four runs and went on to defeat the southeast Nebraska team 9-2 in the opening game of the area Junior Legion tournament here Sunday night.

Lincoln knocked Larkin out of the box and scored once in the eighth and four times in the ninth while Dick Hergenrader controlled Falls City with a good fast ball and an effective curve.

Three times in the early inning centerfielder Tim Zinn of Falls City went deep to catch long drives by Yogi Hergenrader, Roger Krhounek and Ron Newbill.

But in the seventh Yogi Hergenrader drove a triple to the left field corner and Catcher Ron Bayless doubled him home to tie the score. Jon Lutz, George Neill and Hergenrader singled, Krhounek doubled, Cliff Hardesty walked and Newbill doubled as Larkin collapsed.

Five walks, one of the two errors of the game and Larry Littrell's single built the Lincoln score in the ninth.

Hergenrader was quick through the early innings and was in little trouble. He tired late in the game and relied on a curve to stop the Falls City batters.

Lincoln will play Hastings tonight in the double-elimination tourney.

Hastings crushed Fairbury with six runs in the second and won, 10-2.

Hastings and Lincoln will meet at 8:30 tonight following a 6:30 game between Falls City and Fairbury.

Rocca Fears Foul Play

. . . Wrestle Friday

Argentina Rocca, the acrobatic marvel from South America, fears foul play during the Fairgrounds wrestle match in front of the Fairgrounds outdoor grandstand Friday night.

Rocca meets Art Neilson, the television villain, in the main event of Promoter Adam Krieger's summer card.

In other matches, Reggie Lisowski goes against Larry Hamilton and Harry Lewis faces Mike DiBiase.

Rocca is afraid that Lisowski, a teammate of Neilson's in many tag matches, might come to the aid of his old buddy.

"For that reason, I want a definite understanding on the rules and assurance that Lisowski will stay in the dressing room during my match with Neilson," Rocca wrote Krieger.

Peony Park Wins Team Swim Title

BLAIR, NEB. (AP) — Peony Park of Omaha won the team divisions of the Nebraska AAU titles in the men's and women's Swimming meet here Sunday night.

Peony Park compiled 66 points to edge Hastings by a six point margin for the men's team title. Blair was third with 8 points and Offutt Air Force Base of Omaha was fourth with 7.

The Women's team from Peony Park ran up 105½ points to take the championship. Hastings was second with 36, followed by Capital Beach of Lincoln with 4½.

Denver Wallops Chiefs, 9-4, And 19-9

DENVER (AP)—Denver ripped Lincoln with an 18-hit barrage, including five doubles and a home run, to beat the Chiefs, 19-9, in the second game of a doubleheader Sunday and run its win streak to six straight.

The Bears swept the opener, 9-4.

Bob Garber, Bear hurler in the nightcap, gave up five Lincoln runs and the game was tied at 5-all when Denver unleashed a 7-run rally in the fifth.

The Bears turned the contest into a farce in the eighth with another 7-run outburst.

Pidge Browne, with four hits in five trips to the plate, scored twice and drove in two more runs to lead the Denver attack.

The Chiefs routed Bill Lathorpe in the first game of their double-header with five hits, including a double by Ted Laguna, to push three runs across in the first inning.

That brought on Churn in relief. Helped by Bobby Prescott's three run homer in the fifth, Churn shackled Lincoln with only one tally the rest of the way.

The Denver hurler helped his own cause in the sixth, when he doubled home two runs.

Snead Ousted In PGA Play By Fiery Tempered Tom Bolt

By WILL GRIMSLEY

ST. PAUL, Minn. (AP) — Stormy Tommy Bolt, cracking one club and threatening a walkout, harnessed his fiery temper Sunday to upset favorite Sam Snead in a bitter 39-hole battle in the quarterfinals of the PGA golf championship.

The jut-jawed Texan, two down with four to play, collared the three-time champion on the 34th hole and went on to beat him on the third extra hole when Snead smothered an approach shot for a bogey 6.

Earlier in the day, Bolt had broken a club shaft in two after missing a shot on the 18th and had stormed into the dressing room charging unfriendliness on the part of the galleries.

Threatened To Quit

He threatened not to go out for the afternoon round but finally was persuaded to continue the match by cool-headed friends.

Bolt was joined in the semifinals by defending champion Walter Burkemo of Franklin, Mich., battling tenaciously to hold his crown; Dr. Cary Middlecoff, 1949 U. S. Open champion, and Chick Harbert, the prematurely graying slugger from Northville, Mich., a two-time runner-up.

The blonde, snub-nosed Burkemo, looking and playing like an aroused middleweight fighter, cut the Latin heart out of Argentina's popular spectacle putting to win easily 5 and 4.

Mayfield Out

Middlecoff won over 30-year-old Shelley Mayfield of Chicopee, Mass., in a match of strangely reversing fortunes, 3 and 1, while the long-hitting Harbert was carried to the 36th and final hole by Jerry Barber, a weak, near-sighted Californian who was once advised he was too small to tackle the tough pro circuit. Harbert's margin was 1-up.

In the 36-hole semifinals, starting at 10 a.m. CST today over the Keller public course, Bolt meets Harbert and Burkemo again lays his crown on the line against the always formidable Middlecoff.

Snead, at the peak of his game, looked like a sure winner until the breaks and the "jeebies" started piling against him on the fading holes of the long, hot day.

Two holes ahead, he three-putted the 33rd, leaving his second putt hanging on the lip, and then on the 420-yard 34th, missed his first green of the day to take a costly bogey 5.

Major League Meeting Will Start Today

NEW YORK (AP)— Winter baseball and the problems arising from major league players' participation in the Caribbean leagues will be reviewed today at the annual mid-summer meetings of the major leagues.

The American and National leagues meet separately at 8:30 a. m. CST at the Commodore Hotel with a joint meeting to follow.

Officials of the Caribbean leagues huddled with Commissioner Ford Frick and George Trautman, president of the National Assn. of Minor Leagues over the weekend, trying to outline their position.

The player representatives, who met in Cleveland at All-Star Game time, want the right to deal directly with the Caribbean clubs instead of through their own clubs. Under the rules that prevailed last winter, major leaguers were not permitted to play more than 60 games in the Caribbean leagues who limited themselves to three established major leaguers for each team.

Unorthodox Shots

SYRACUSE, N.Y. (AP)—Two golfers sliced $6 off their expenses at the Green Lakes Park course with some unorthodox iron shots.

Park Patrolman Lawrence Davis said Sunday Claude Benedict and Thomas Davis would receive that amount for killing a fox, thought to be rabid, that was chasing their golf balls.

Caddies Looking Ahead To Tam Go

CHICAGO (INS) — Caddies who serve the star golfers at the Tam O'Shanter Tournaments looked forward Sunday to substantial windfalls, in addition to their reguar earnings.

Pro golfers will split $205,000 in prize money at the George S. May program which runs from Aug. 5 through Aug. 15—and some of it will find its way into the pockets of the caddies.

Winners of the so-called "World Championship" tourney at Tam and the All-American competition have been known to top their club carriers as much as $800. Gratuities of several hundred dollars are common among successful contestants.

This is not surprising when it is realizted that the winner of this year's World Championship will receive $50,000.

Tam Caddy Master Fred Seibel has a merit system in operation at the course which rates the boys according to their reliability and efficiency.

Tam's top caddy is Bob Stanek, an 18-year-old recent high school graduate. Bob started lugging bags at 14—the minimum age for the job at Tam.

As top caddy, he can take first pick of the golfer he will serve.

Stanek also is eligible for one of the five Chick Evans college scholarships awarded annually by Tam.

Carey's Bases-Loaded Single Salvages Final Series Tilt

NEW YORK (AP)— Andy Carey singled with the bases loaded and the score tied in the 11th inning Sunday for a 4-3 New York Yankee victory that slashed Cleveland's American League lead to 1½ games after the Indians had taken the first two games of the important series.

Manager Al Lopez threw four pitchers into the fray as the Yanks surged in the 11th and finally pulled it out with Carey's single past Bobby Avila in short center. The Tribe infield, naturally, was pulled in for a play at the plate.

A walk to Mickey Mantle started the Yank rally. After Ray Narleski retired Yogi Berra, Lopez called for lefty Don Mossi to face left-handed hitting Irv Noren, who singled off Mossi's glove.

Houtteman Next

Mossi, who pitched 6 2-3 innings Saturday, then walked Gene Woodling to load the bases, prompting Lopez to switch to righthander Art Houttteman.

Carey smashed Houtteman's first pitch past Avila, scoring Mantle with the big run that gave rookie Bob Grim his 11th victory for a scoreless four-inning relief job.

Despite the victory, the Yanks lost ground during their long home stand. They were only a half-game back at the All-Star Game break, but now head West with an uphill climb. The Indians go home for a home stand while the Yanks swing into Chicago for another big series starting Tuesday.

Kansan Wins Beatrice Open

BEATRICE—Ron Fogler, a professional golfer from Junction City, Kan., won the Beatrice Open Sunday after young Chuck Jensen blew up on the 23rd hole of medal play on his home course.

Fogler shot the 27th holes in 108, three over par for the 35-35-70 Country Club course.

Jensen was two strokes behind Fogler after 18 holes, but he canned two pars and two birdies and was tied going to the 23rd. He blew for a triple bogie and finished in a three way tie for third while Fogler continued his steady golf and won the title.

Fairbury's Dick Anderson took second with 111. The veteran Byron Adams of Fairbury shot a 113 and won the third place playoff against Herb Weston of Beatrice and Jensen, a University of Nebraska senior who works at the Country Club.

Fred Price of Beatrice won the first flight with 75. Nelson Jensen Jr. of Pawnee City and Snick Poling of Beatrice trailed. Lincoln's Jack Tobin won the second flight with an 82. Primo Ceschin of Omaha and Joe Weaver of Lincoln tied for second while Chick Zimmerman of Beatrice took third.

White Sox Win Twice

BOSTON (AP) — Converted first baseman Jack Harshman clicked off 16 strikeouts—two short of the modern major league record—in pitching Chicago to a 5-2 victory over Boston in the first game Sunday, then his White Sox teammates beat jinxman Ellis Kiner 4-2 for a doubleheader sweep.

Lefthander Harshman, whose deceiving sliders and curve balls had 13 strike out victims swinging at space and three more looking at the third one, retired the last 13 men in order. Bob Feller of Cleveland holds the mark of 18 strikeouts set Oct. 2, 1938, against Detroit.

Three Hurlers

Although the White Sox used three pitchers, saw their manager, Paul Richards, ejected for the seventh time this year and were outhit 8-11, they won the second game too. It was only the seventh lifetime loss to Chicago for Kinder who has defeated the visitors 20 times.

The crowd of 26,068 saw Chicago go ahead with two runs in the sixth on a pair of singles, a double and a walk and clinch it with Chico Carrasquel's ninth homer of the season in the seventh.

The twin victories put Chicago six games behind league-leading Cleveland which dropped a 4-3 decision to New York.

Spec Shea Is 11 To 8 Winner

WASHINGTON (AP)— Frank (Spec) Shea finally won his first game of the season Sunday, coasting to an 11-3 victory over Detroit as his Washington teammates ran their winning streak to six, socking four Tiger pitchers for 13 hits.

The Senators were never headed after they knocked out Ted Gray with a three-run outburst in the first inning. The Tigers narrowed the margin to 2-3 before Washington hitters unloaded a late-inning assault on the Tiger relievers.

Jerry Snyder and Tom Umphlett the Senators' attack as Shea went the Senators' atatck as Shea went the distance for the first time this year. He scattered eight hits and was in trouble infrequently.

The Senators' victory, achieved before 6,183 fans, stretched the club's fourth-place margin over the Tigers to two full games.

Gray wound up the loser, making his season's mark 1-4. Still bothered by a sore arm, Gray was far too wild for his own good, coming in with groove pitches that enabled Eddie Yost, Mickey Vernon and Umphlett to rap him for singles before he left after two-thirds of an inning.

Pafko Hero As Braves Edge Giants By 7 To 5

By CHRIS EDMONDS

MILWAUKEE (AP)— Andy Pafko drove in three runs with his 11th homer and a bases-loaded single Sunday as the Milwaukee Braves came from behind for the third straight day to beat league-leading New York 7-5 for a sweep of the series before 44,279 fans.

The defeat, fourth in a row for the Giants and their longest losing streak of the year, cut their lead over second-place Brooklyn to four games and left the Braves in third place, 11½ games out.

Dave Jolly, last of three Milwaukee pitchers, was the winner as he set the Giants down with one run and four hits in six innings of relief. Ruben Gomez, third of four New York hurlers, was the loser on Pafko's line single to left with the bases full in the seventh.

Labine Hurls Dodgers' Win

ST. LOUIS (AP)— Clem Labine, making his second start of the season, allowed the Cardinals just six hits Sunday but because of ninth-inning wildness, needed help from Jim Hughes to save a 2-1 victory for the Brooklyn Dodgers, over St. Louis and its star hurler, Harvey Haddix.

Manager Walt Alston picked the 28-year-old righthander because Preacher Roe needed more rest for his injured leg. The choice was good. Until the ninth the Redbirds had just four hits and threatened only once—in the fourth on successive singles by Wally Moon and Red Schoendienst. That threat was nipped by Gil Hodges who grabbed Stan Musial's grounder, stepped on first and fired the ball to Roy Campanella who tagged Moon at the plate.

The Redbirds again had two hits off Labine in the ninth, singles by Ray Jablonski and Schoendienst, producing the only St. Louis run. When Labine walked Musial and Joe Cunningham in order, Alston called for Hughes who struck out Rip Repulski to end the game.

Don Hoak scored both Brooklyn runs. He walked in the third, took third on a single by Pee Wee Reese and scored as Duke Snider singled to right.

In the seventh, Hoak opened with a double. A single by Reese sent Hoak to third from where he scored on Hodges' sacrifice fly.

Reds, Pirates Divide Two

CINCINNATI (AP) — The last-place Pittsburgh Pirates and the ambitious Cincinnati Redlegs split a doubleheader Sunday, the Pirates taking the first game 4-2 behind the six-hit pitching of Paul LaPalme and the Reds winning the second 3-2. Pitcher Howie Judson broke up the 1-1 tie in the nightcap with a two-run single.

Judson got into a jam in the eighth inning, loading the bases on two singles and a walk. Frank Smith was called in to preserve the righthander's fifth victory in eight decisions.

Howie's game-winning single came in the seventh inning off Bob Friend, whose record dropped to 4-9.

Friend and LaPalme had combined to shut out the Reds for 13 straight innings. Ted Kluszewski homered in the first inning of the day with one aboard and the Reds could not tally again until the sixth inning of the nightcap. Then they put together a trio of singles. The Pirates scored in the sixth on Bob Skinner's single, a walk, a sacrifice and a ground out.

Cubs Take Two From Phillies

CHICAGO (AP) — Bob Talbot's single off Herman Wehmeier in the ninth inning scored Gene Baker with the winning run Sunday as the Chicago Cubs defeated Philadelphia 2-1 in the second game of a doubleheader after the Cubs captured the first 6-1 behind Paul Minner's four-hit pitching.

The sweep gave the Cubs their 11th win in the past 15 games.

Victim of the Chicagoan's belated spurt was Bob Greenwood, rookie righthander, who had a two hit 1-0 shutout going into the ninth for his first major league victory.

Frankie Baumboltz opened the last round with a single, and Baker walked. After twice failing to sacrifice, Dee Fondy smashed a double over Richie Ashburn's head to score Baumboltz with the tying run.

Greenwood was replaced by Wehmeier, who purposely passed Randy Jackson to fill the bases. Ralph Kiner was retired on a liner to Granny Hamner. Then Talbot, who entered the game in the eighth as a pinch runner for Hank Sauer connected to saddle the Phillies with their fourth loss in the five-game set.

Although Gene Baker got three of Chicago's 12 hits in the opener, one of them his No. 11 homer, Kiner supplied the long-distance fireworks.

After smacking his 15th homer, the first in 72 times at bat, Kiner unloaded a two-run triple as Steve Ridzik, first of three Philadelphia pitchers, suffered his fourth setback.

Unterseher Junior Boys Tennis King

Lincoln's Neil Unterseher continued his domination of Omaha's Russ Schlotzhauer as he won the Junior Boys State Singles championship Sunday afternoon at the Lincoln Tennis Club courts at 38th and South.

Unterseher, 14, defeated the state high school tennis champion in straight sets, 6-0, 6-1, to add the Junior title to the Boys championship which he won Saturday.

Unterseher, a high school freshman come September, had conquered the 6-2 Omaha Creighton Prep student by 6-4, 4-6, 6-1 in the Junior Boys finals last year.

Sunday Unterseher achieved victory with a balanced game which found Schlotzhauer unable to control short lobs across the net.

In the morning Unterseher had eliminated Jim Hautzinger of Omaha, 6-3, 6-4. Schlotzhauer had defeated Omaha's Don Fisher, 6-4, 6-0.

Fisher and Hautzinger won the Junior Boys Doubles title against Schlotzhauer and John Ringwalt of Omaha, 6-4, 8-6.

Competition in the state tournament will be continued Saturday and Sunday and will be completed the following weekend.

Junior mixed doubles are scheduled for next Saturday morning.

Mack's Transport won the first Lincoln Elks League pennant Sunday afternoon at Muny Field on a decisive 14-2 victory over Globe Laundry on the final day of the season.

Kent Brigg, 18-year old University of Nebraska student, threw a four hitter for the champions who lost their only game of the pennant race last Sunday to Lawlor's Sporting Goods and needed this triumph to clinch the title.

Lawlor's dropped a 9-7 game to Anderson Hardware Sunday. The two teams tied for second place while Globe finished in the cellar.

A post-season tournament will be conducted next Sunday and Monday at Sherman Field. All teams will participate.

Mack's scored twice in the first inning, twice in the third and seven times in the fourth to blow apart the crucial game Sunday.

Jim Walter's single and two errors gave the champions their first two runs. Singles by Bill Stevens and Jim Maul started the third inning scoring. Nine base hits in the fourth shattered the Globe pitching staff and assured Mack's of the game and the title.

Catcher Roland Wroblinski tripled and singled in the big fourth. Shortstop Jim Maul hit three singles and stole two bases to lead the kings.

Andersons scored seven times in the second inning and righthander Rudy Stoehr survived on the mound despite effective Lawlor hitting in the last four innings.

Bert Schriner's homer into deep centerfield with one on in the sixth was the biggest blow for the Hardware club.

Hole In One Sparks City Golf Play

By BILL FITZGERALD
Star Sports Staff Member

Bob Farrell, an Elgin employee, who is playing golf this summer after eight years away from the fairways, rented a driver at Park Valley Sunday afternoon and rolled his ball into the cup on the 300-yard No. 4 hole for the first hole-in-one of his golfing life.

A golfer who competes in the Elgin League and one who usually plays twice each week, Farrell said he saw the ball strike about 35 yards from the green, roll toward the cup and disappear.

Partners Don Gross and Dan Maupin were unable to find his ball and decided it had bounded into the rough beyond the green. Maupin went to the flag to pull the pin and found Farrell's ball in the hole.

Ross Holway was low at Park Valley with a 32. Bob Sherman shot a 36, Casey Jones 37 and Betty Jones 53.

Ten-year-old Bob Shields, grandson of the Park Valley manager, holed out from 75 yards out on No. 1.

Week end leaders among 532 players at Pioneers were Joe Gifford Sr. 74, Leo Ostermiller 75, Joe Stefkovich 76, Dick Thoene 77, Phil Hanlon 79 and Casey Jones 84.

Bill Stevens eagled No. 4, a 274-yard hole.

Freeman Everett won the Men's Sweepstakes at Hillcrest with a net 67, two strokes lower than J. W. Ripley and Earl Macoy. Emil Frank netted 70.

Mrs. Otto Hanson and Bill Jennings won the low gross honor in mixed Scotch foursomes with 44. Mrs. Ray Vermaas and Bill Roesler had a 45.

Group leaders were Mrs. R. G. Olds-Dick Spomer 49, Mrs Ken Logan-Bob Glatz 52, Mrs. Harold Frappia-Otto Hanson 55, Mrs. C. E. Squire-Harold Frappia 47 and Mrs. Bob Brittin-Ed Schumacher 53.

Other winners:

Most-of-kind—Mrs. Dick Spomer-Dick Olds, five sixes; best starting hole — Mrs. Sig North-Clyde Cessna, a five; high gross —Mrs. Bill Sheehy-Carl Fisher, 61; worst starting hole—Mrs. C. H. Hughes-Ken Logan, a 10; worst finishing hole—Mrs. Hap Haley-Homer Hamilton, an eight.

John Dudgeon and Jerry Hunt tied for the week end event of low putts at the Lincoln Country Club. Each had 11 for nine holes while Hunt and Frank Roberts tied for 18 holes with 24.

Low shooters included Dick Russell and Dr. Bill Rotton at 74 and Coe Dalrymple, Dick Russell and Jerry Hunt at 75.

Jack Thompson had the best career of his life—a 77. Dr. Norman Carlson, Seldon Davey, Fred Aldrich and Dr. Rotton also shot 77's.

Qualifying in the Junior City Tournament for boys starts this morning at 8 o'clock at Pioneers. Twenty-nine players were registered Sunday night.

The Ladies Medal Tournament starts at LCC this morning and will run through Wednesday. Play will be suspended from 8:30 until 9:30 Tuesday morning when the contenders for National Amateur positions tee off.

The three low players will qualify for the tournament in Detroit Aug. 23-28. Lincoln contenders:

Charles W. White, Dick Spangler, John Schumacher, Gerald Hunt, Hal Bowers, Coe Dalrymple, Steve Flansburg, Don Pegler Jr., Harry Meginnis, H. Elliott Myers, Bob Lau, Don Pegler Sr., Bill Mowbray.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

BAERING DOWN ON THE NEWS

By Arthur 'Bugs' Baer

(Distributed By International News Service)

Democratic shillsters still insist the Republicans aren't doing a thing the Democrats hadn't planned. That's long distance dreaming with an option.

Bugs Baer

If it's true it could be the reason the Republicans are being investigated.

We know the Democrats booby trapped the corridors of Congress with unfinished business and alphabetical bids

The Democrats built castles in the air and the Republicans are carrying the hod.

This approximates the happy business of getting rich by renting rowboats in a storm at sea.

That one-man dynasty Franklin Delano Roosevelt figured out more schemes than a hop-head bivouacking on the elbow. There's nothing more beautiful than indoor sky writing with rose-colored fumes.

[illegible] in 20,000 glass doors are archived in the dream wing of the Library of Congress

The results of 20 years of unsupervised Olympics in a playpen are as far-reaching as Bikini vibrations. The seven union cards of Hercules are merely an apprenticeship to the eighth labor of stopping a merry-go-round in the middle of a tune.

It's natural in occupational hazards that some legislation should slop over into the next administration. The man who plants the tree doesn't get the fruit. Otherwise Congress would meet in a supermarket armed with spray guns and insecticides.

The bones they pulled are bleaching on the hillsides. But we cannot subscribe to the claim the Republicans are heirs to the Democratic horrah. That's one job you don't sub-lease.

If the Democrats want to lay claim to the aftermath of the incredible thats [illegible] us. There are some capers still to be investigated.

My advice to the Democratic spiel-bunkers is to pianissimo this argument in the pre-dated campaigns.

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

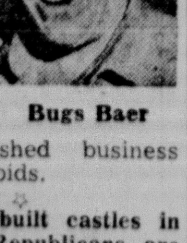
BAERING DOWN ON THE NEWS
By Arthur 'Bugs' Baer

(Distributed By International News Service)

Democratic shillsters still insist the Republicans aren't doing a thing the Democrats hadn't planned. That's long distance dreaming with an option.

☆ ☆ ☆

If it's true it could be the reason the Republicans are being investigated.



Bugs Baer

☆ ☆ ☆

We know the Democrats booby trapped the corridors of Congness with unfinished business and alphabetical bids.

☆ ☆ ☆

The Democrats built castles in the air and the Republicans are carrying the hod.

☆ ☆ ☆

This approximates the happy business of getting rich by renting rowboats in a storm at sea.

☆ ☆ ☆

That one-man dynasty Franklin Delano Roosevelt figured out more schemes than a hop-head bivouacking on the elbow. There's nothing more beautiful than indoor sky writing with rose-colored fumes.

☆ ☆ ☆

The abbreviations on 10,000 glass doors are archived in the dream wing of the Library of Congress.

☆ ☆ ☆

The results of 20 years of unsupervised Olympics in a playpen are as far-reaching as Bikini vibrations. The seven union cards of Hercules are merely an apprenticeship to the eighth labor of stopping a merry-go-round in the middle of a tune.

☆ ☆ ☆

It's natural in occupational hazards that some legislation should slop over into the next administration. The man who plants the tree doesn't get the fruit. Otherwise Congress would meet in a supermarket armed with spray guns and insecticides.

☆ ☆ ☆

The bones they pulled are bleaching on the hillsides. But we cannot subscribe to the claim the Republicans are heirs to the Democratic horrah. That's one job you don't sub-lease.

☆ ☆ ☆

If the Democrats want to lay claim to the aftermath of the incredible that's okay with us. There are some capers still to be investigated.

☆ ☆ ☆

My advice to the Democratic spiel-bunkers is to pianissimo this argument in the pre-dated campaigns.

DAILY CRYPTOQUOTE

Here's How To Work It

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.
